III. CHICEN – ITZA LIGHT & VALLADLID AT NIGHT

Chichen Itza is one of the greatest remnants of the Mayan civilization from the Yucatan Peninsula of Mexico, and was voted as a Wonder of the World, joining ranks with the Great Pyramid of Egypt and the Taj Mahal. It is two cities: one was ruled by the Mayans from the 6th to the 10th century A.D. and the other was a Toltec-Mayan city that emerged in 1000 A.D. The site combines Toltec and Mayan influences and is full of cosmological symbolism. Its four sides contain 365 steps, 52 panels and 18 terraces (for the 18 months of the religious year). The site also contains a cenote (limestone sacred well or sinkhole) and an observatory. The tour includes a visit to the archaeological zone, a late buffet lunch and then you will enjoy a visit to Valladolid, a Colonial City which was founded on 1542. Walk through its Principal Plaza, visiting the Fransiscan Church, admire the Lezama murals where this art tells us the history of the city that used to be a Mayan settlement and visit the San Bernardino de Siena Convent.
