Brain Tumor
Patient and Family Education Symposium
Saturday, May 10, 2014

Where: Phillips Hall, Siebens Building
Mayo Clinic, Rochester, Minnesota
8:00 a.m. – 3:00 p.m. Central Time

With simultaneous video-conference

Kinne Auditorium, Cannaday Building
Mayo Clinic, Jacksonville, Florida
9:00 a.m. – 4:00 p.m. Eastern Time
The Mayo Clinic Cancer Education Program, in collaboration with Brains Together for a Cure and The Sontag Foundation, is pleased to offer this patient education symposium.

This educational event is for patients, their families and the public who are interested in exploring health care issues surrounding brain tumors.

**Symposium Goals:**

- Learn the importance of genetics in brain tumor research
- Discuss innovative options for treating brain tumors
- Discuss strategies for the challenges of living with a brain tumor
- Explore the use of dietary herbs and supplements in cancer care
- Learn practical approaches to decrease stress and increase resilience
- Identify tips for managing symptoms and long-term treatment effects
- Hear personal stories from brain tumor survivors

Support for the symposium is provided by the Mayo Clinic Stephen and Barbara Slaggie Innovation in Cancer Education Fund
