Conference focus

Mayo Clinic is pleased to announce its 2012 Mayo Spiritual Care Research Conference, Exploring the Relationship Between Spirituality and Innovation to be held November 1-2, 2012 at Mayo Clinic, in Rochester, Minnesota. The conference provides an exciting opportunity for researchers, educators, and care providers to discuss emerging research related to spirituality and innovation. In particular, the conference will explore spirituality in the context of healthcare innovations, and the impact of spirituality on decision making related to innovations, technology, ethics, and issues around beginning of life, end of life, and quality of life. What is the relationship across the lifespan between spirituality and innovations in healthcare?

The goals of the conference are to:
• Encourage the conduct of spiritual care research and its application to practice.
• Provide a forum for the dissemination of spiritual care research findings from investigations into spirituality in the context of healthcare.
• Encourage the exploration of the application of research findings to further research and/or application to practice.

Who should submit

Physicians, nurses, chaplains, social workers, psychologists, and other healthcare providers are invited to submit abstracts for podium or poster presentations.

How to submit

To submit an abstract, visit http://calendar.cne-registration.com/. Be sure to attach all authors’ curriculum vitae. Completed abstracts must be submitted by Tuesday, February 28, 2012.

Fees

All podium and poster presenters must register for the conference. Conference presenters are expected to assume costs related to travel, accommodations, and registration. Submission of an abstract signifies intent of the author to present.

Podium presentations

Abstracts for podium presentations are being sought for:
• Completed research or program relating to the conference themes.
• Clinical application of spiritual care research.

Poster presentations

Abstracts for poster presentations are being sought for:
• Ongoing or completed research or program relating to the conference themes.
• Clinical application of spiritual care research.

Selection and notification

A review committee will evaluate research abstracts using the following criteria: Clear problem statement and purpose, methods, results, conclusions, applicability to practice and conference theme, and writing quality. Abstracts about programs will be reviewed for theory and/or evidence-based clinical relevance, and feasibility. Only abstracts with application to practice will be considered. Notification of accepted abstracts and commitment for presentation at the conference will be made by Wednesday, March 21, 2012.
