2016 Orthopedic Nursing Conference
Moving in a Changing Practice Environment

Provided by Mayo Continuing Nursing Education

Thursday, October 13, 2016
Mayo Clinic • Rochester, Minnesota

Mayo Continuing Nursing Education is pleased to present the 2016 Orthopedic Nursing Conference - Moving in a Changing Practice Environment. This conference is designed to explore changes in orthopedic nursing practice while keeping a professional presence. A variety of topics will be highlighted including: leg lengthening procedures, complimentary therapies, orthopedic oncologic practice, and trends in postoperative pain management.

2016 Orthopedic Nursing Conference
Moving in a Changing Practice Environment

Learner Outcomes:
• Foster knowledge of orthopedic professionals in a changing practice environment.
• Provide exemplary education related to current issues, trends, and evidence-based practices to enhance the care of orthopedic patients.
• Provide a professional environment that encourages collegiality and networking among participants associated with advancements in orthopedic nursing education, practice, and research.

Intended Audience:
This conference is designed for nurses, physical therapists, social workers, and all other healthcare professionals interested in the care of orthopedic patients.

Continuing Education Credit:
Participants can earn up to 6.5 ANCC nursing contact hours for attendance at the conference, commensurate with the extent of their participation in the activity and completion of the evaluation.

Mayo Clinic Section of Social Work has been designated by the Minnesota Board of Social Work as an approved continuing education provider. This conference fulfills requirements for up to 4.25 continuing education hours.

Mayo Continuing Nursing Education is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center’s Commission on Accreditation.

An application for physical therapy contact hours has been submitted to the Minnesota Board of Physical Therapy.
