Why a Personal Emergency Response System?

When you experience a fall, medical issue, or other emergency, every second counts. If you are alone, delayed medical care can jeopardize your recovery and your independence! A Personal Emergency Response System provides simple, fast access to help 24 hours a day, 365 days a year.

Helping you live more independently
» Continue living in the comfort of your own home
» Get prompt, caring assistance – 24 hours a day, 365 days a year
» Increase peace of mind for you and your family

IN-THE-HOME SOLUTIONS

HomeSafe with AutoAlert
This proven medical alert service with AutoAlert can automatically call for help if it detects a fall. Even if you can’t push the button yourself.
Lifeline with AutoAlert provides an added layer of protection by automatically placing a call for help if it detects a fall and you can’t push your button. Auto Alert is designed to get you fast access to help even if you are disoriented, immobilized, or unconscious.

» More than 300,000 seniors have relied on it to feel safe at home.
» An excellent choice for those with a history, risk, or fear of falling.
» Detects more than 95% of true falls and minimizes false alarms.
» Waterproof help button.

HomeSafe Standard
The Standard Lifeline Service is our most economical medical alert system. It features a discreet, waterproof Personal Help Button that you wear around your neck as an adjustable medical alert necklace or on your wrist as a medical alert bracelet – whichever they prefer.
The Standard Lifeline Service includes a Communicator, a Slimline Personal Help Button, and 24/7 access to our U.S.-based Response Center.

HOW IT WORKS

1. Summon help
With a simple push of the help button – tucked discreetly inside your clothes or worn outside – you’re connected to a Response Center. The AutoAlert feature automatically calls for help if you fall and can’t push your button.

2. Hear a reassuring voice
A caring Response Associate will quickly access your personal profile and assess the situation.

3. Know help is on the way
Our Associate contacts a neighbor, loved one, or emergency services – based on your preferences – and will follow up to make sure help has arrived.

No long-term contract
No cancellation fee
