KOLOA, HAWAII
GRAND HYATT KAUAI
FEBRUARY 26 – MARCH 2, 2018
COURSE OVERVIEW
The program highlights key topics in cardiology to keep the practitioner current, with an emphasis on cases, updates, and clinical guidelines. The diagnosis, management, and prevention of common rhythm disorders, atrial fibrillation, and ventricular arrhythmias will be reviewed along with challenging aspects of congestive heart failure, coronary artery disease, valvular heart disease, and myocardial disease. Special sessions will highlight ECG pearls useful in all aspects of cardiology.

COURSE LEARNING OBJECTIVES
At the completion of this course, participants should be able to better:
• Recognize ECG patterns that suggest arrhythmia risk, and diagnose arrhythmia mechanism during tachycardias to select optimal treatment
• Apply current guidelines and recent clinical trial evidence for the management of heart failure
• Diagnose, evaluate, and manage structural heart disease

INTENDED AUDIENCE
The symposium is designed for cardiologists, internists, family practitioners, physician’s assistants, and cardiovascular nurse practitioners and specialists caring for patients with cardiovascular disease.

CREDIT
Mayo Clinic College of Medicine and Science is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Mayo Clinic College of Medicine and Science designates this live activity for a maximum of 24.25 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

ABIM MOC POINTS
Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 24.25 MOC points in the American Board of Internal Medicine’s (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity.

PROGRAM-AT-A-GLANCE

| Monday, February 26 | • Atrial Fibrillation: Drugs, Ablation, and Stroke |
| Tuesday, February 27 | • Ventricular Arrhythmias & Sudden Cardiac Death |
| | • Welcome Reception and Special Evening: Stress Free Living and Happiness |
| Wednesday, February 28 | • Heart Failure Update: Drugs, Devices and Remote Monitoring |
| Thursday, March 1 | • SVT, Syncope, Pulmonary Hypertension, Myocardial Disease |
| Friday, March 2 | • Risk Factors in CV Disease & Structural Heart Disease |
