Course Description
Neuroradiology: Practice to Innovation is designed for the practicing radiologist whose work involves neuroradiology, or those involved in the neurological sciences, neurosurgery, neurology, and/or related fields. It is intended to provide a practical discussion and review of common diseases involving the brain, head/neck, and spine. It will provide an overview of common imaging strategies and incorporate evolving new modalities. Also, this course will review common endovascular and spinal interventional techniques utilized in neuroradiology.

Neuroradiology: Practice to Innovation Course on DVD package includes:
• Full-color DVD Series
• Carrying Case
• Comprehensive Program Syllabus
• Program Evaluation
• 21.5 AMA PRA Category 1 Credits™
