

## Communication Assistance

It is the policy of Mayo Clinic and affiliates to assist any patient who has an identified special need including but not limited to hearing impairment, vision impairment, or a language barrier, which would compromise proper communication in the clinical setting. All patients have the right to free auxiliary aids, competent written translation and oral interpretation. Mayo Clinic and affiliates are committed to ensuring that individuals who are deaf or hard of hearing and individuals with Limited English Proficiency (LEP) have meaningful, accurate, and equal access to programs, benefits and activities.

Please notify Mayo Clinic staff if auxiliary aids or other service accommodations are necessary.

You have the right to an interpreter at no cost to you. Please point to your language. An interpreter will be called. Please wait.
