School of Continuing Medical Education

11th Annual Mayo Clinic
Nicotine Dependence Conference

Spring Session: May 16-19, 2004
Fall Session: October 24-27, 2004
Course Description

The Nicotine Dependence Conference will focus on the Mayo Clinic approach to patient care for nicotine dependence and will provide education in all areas of tobacco intervention: intake, assessment, treatment planning, individual counseling, and relapse prevention. The Mayo model will be discussed and will focus on counseling skills, pharmacologic therapy, program components and the process of developing a program to deliver nicotine dependence services. Participants will have opportunities to meet informally with faculty members to discuss specific program and patient needs.

Intended Audience

This program is oriented toward healthcare professionals who are interested in incorporating nicotine dependence treatment into their practice and/or developing a service to meet the needs of tobacco dependent patients. Physicians, nurse practitioners, physician assistants, dentists, psychologists, chemical dependency counselors, respiratory therapists, nurses, dental hygienists, social workers, and other allied health professionals will find the conference of interest. This course is an intermediate level course.

Course Learning Objectives

At the conclusion of this course, participants should be able to:

• Integrate the following counseling techniques into practice: group and individual therapy, models of behavior change, motivational interviewing, and brief primary care provider interventions.
• Identify pharmacologic agents in the treatment of nicotine dependence.
• Perform counseling for tobacco dependent patients in a manner consistent with the four components recommended for treatment.
• Translate the concept of nicotine use as an addiction, in the provision of treatment.
• Recognize current developments in the field of nicotine dependence.
• Identify treatment issues for special populations.
• Describe a program model for the delivery of nicotine dependence services.
• Demonstrate awareness of issues in public policy and tobacco control.

Attendance at this Mayo course does not indicate nor guarantee competence or proficiency in the performance of any procedures which may be discussed or taught in this course.

Credit

Mayo Foundation is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Mayo Foundation designates this educational activity for a maximum of 26.25 category 1 credits towards the AMA Physician's Recognition Award. Each physician should claim only those credits that he/she actually spent in the educational activity.

Mayo Continuing Nursing Education is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation. Participants can earn up to 31.50 accredited nursing contact hours.

Mayo Clinic is approved by the American Psychological Association to offer continuing education for psychologists. Mayo Clinic maintains responsibility for the program. Mayo Clinic is offering this activity for 25 hours of continuing education credit.

Other health care professionals will be provided a certificate of attendance for requesting credits in accordance with state nursing boards, specialty societies, or other professional associations.
Date and Location

The Mayo Clinic Nicotine Dependence Conference will be held May 16-19, 2004, and October 24-27, 2004. Please be aware that the program schedule for the Fall session will change. Course headquarters will be located in the Siebens Building on the Mayo Clinic Campus, in Rochester, Minnesota. Meeting facilities are easily accessible by skyway and pedestrian subway, which connect Mayo Clinic to shops, restaurants, and hotels.

Registration

To register, complete the attached registration form and return by mail or FAX with the appropriate registration fee. The registration fee includes tuition, course syllabus, continental breakfasts, break refreshments, specified luncheons, reception, and tour.

Please keep these points in mind when registering:
• You will NOT be registered without accompanying registration fee payment.
• Although it is not Mayo School of Continuing Medical Education policy to limit enrollment for a course, conference room facilities may necessitate closing enrollment; therefore, early registration is strongly advised.
• There are no scholarships available or reduced fees for this conference.

A letter of confirmation will be sent upon receipt of payment and completed registration form. If you register within a week of the start date, you will not receive a confirmation letter in time for the conference.

Cancellation Policy

Your registration fee, less a $50 administrative fee, will be refunded when written notification is received by the Mayo School of Continuing Medical Education before May 5, 2004 (Spring session). You may FAX written notification to 507-284-0532. No refunds will be made after these dates.

Travel Arrangements

Rochester, Minnesota, is a friendly city that greets thousands of visitors from around the world each year. The city is serviced by a modern international airport with multiple flights daily from Chicago and Minneapolis via American or Northwest Airlines. Access to and from the airport is provided by taxi cab and shuttle service. The airport is located approximately 10 driving miles from the Mayo Clinic campus.

Corporate Travel has negotiated multiple airline contracts to provide participants with lower airfares. Contact Corporate Travel at 800-526-4540/507-282-9121 (FAX: 507-281-2409) for assistance with airfare or ground transportation. Please reference the Mayo Clinic Nicotine Dependence Conference when making travel arrangements. Airfare is the sole responsibility of the individual participant.

Northwest/KLM Airlines is the official carrier for this Mayo Clinic course. Reduced airfares are available for participants by calling Northwest/KLM Airlines at 800-328-1111. Reference WorldFile NM4GL when making reservations.

Lodging Accommodations

To ensure accommodations and the discounted rates, please make your reservation directly with the hotel by April 24, 2004. Room rates do not include applicable city and state taxes. Reservation requests received after this date are subject to availability at the group rate. When making reservations, identify yourself as a participant in the Mayo Clinic Nicotine Dependence Conference.

– Continued on next page.
General Information

Kahler Grand Hotel
20 Second Avenue SW
800-533-1655/507-282-2581
$89 single/double

Radisson Plaza Hotel
150 South Broadway
800-333-3333/507-281-8000
$99 single/double

Hilton Garden Inn
225 S. Broadway
800-445-8667/507-285-1234
$89 single/double

Rochester Marriott Hotel
101 First Avenue SW
877-623-7775/507-280-6000
$129 single/double

The hotels listed above are connected by skyway and pedestrian subway to conference facilities, downtown shops, and restaurants. For additional accommodation options, you may also wish to visit the Rochester Convention and Visitors Bureau website at www.rochestercvb.org.

Parking
Parking is available in hotel, city, and Mayo patient/visitor ramps. The cost for parking is not included in the registration fee.

Tours of Mayo Clinic
Public tours of Mayo Clinic are conducted daily at 10:00 am, except holidays. The tours originate from Judd Auditorium, Subway Level of the Mayo Building, and last approximately 1.5 hours. The tour includes a 20-minute film on the history and operation of Mayo Clinic plus visits to points of interest in the Mayo, Plummer, and Hilton Buildings. For groups of 10 or more, please make advance reservations by calling 507-538-1091.

Faculty Disclosure
As a provider accredited by ACCME, Mayo Foundation must ensure balance, independence, objectivity and scientific rigor in its educational activities. All faculty participating in a Mayo Foundation activity are required to disclose commitments to and/or relationships with pharmaceutical companies, biomedical device manufacturers or distributors, or others whose products or services may be considered to be related to the subject matter of the educational activity. Faculty will also disclose any off-label and/or investigational use of pharmaceuticals or instruments discussed in their presentation. Disclosure of these commitments and/or relationships will be published in course materials so those participants in the activity may formulate their own judgments regarding the presentation.
**May Guest Faculty (subject to change based on availability)**

**Jasjit S. Ahluwalia, MD, MPH, MS**  
*Sosland Family Professor and Chair of Preventive Medicine and Public Health*  
*University of Kansas School of Medicine*

Dr. Ahluwalia is a clinician, educator, researcher, and administrator. He is the Sosland Family Professor of Preventive Medicine and Public Health, and Chair of the Department of Preventive Medicine with joint appointments in Internal Medicine, Pediatrics, and Family Medicine. Dr. Ahluwalia currently holds $5 million in NIH grants as a PI including "Health Behaviors Among Smokers Living in Low Income Housing," "Helping Light African American Smokers Quit," and the NIH K-30 Institutional Clinical Curriculum Award. He has received numerous Awards including the University of Kansas Medical Center’s Research Investigator of the Year Award, the inaugural Society of Behavioral Medicine’s Mentor of the Year award, the Kemper Foundation Teaching award and the F. Marian Bishop Educator of the Year award from the Association of Teachers of Preventive Medicine. Dr. Ahluwalia also serves as an Associate Director of the Kansas Cancer Institute where he directs the Cancer Prevention, Control and Population Sciences program.

**Cathy L. Backinger, PhD, MPH**  
*Acting Chief*  
*Tobacco Control Research Branch*  
*Behavioral Research Program*  
*Division of Cancer Control and Population Sciences*  
*National Cancer Institute*

Dr. Backinger received a Ph.D. in Health Policy from the University of Maryland, a M.P.H. from the University of Michigan, and a B.S. in Health Education from the Ohio State University. Dr. Backinger is Acting Chief of the Tobacco Control Research Branch (TCRB), NCI, and a scientific Program Director for the development and implementation of extramural behavioral and public health research programs in the research areas of prevention and cessation of tobacco use by youth, and smokeless tobacco. She was Acting Chief, TCRB, NCI, from February 1999 to July 2000. Prior to joining NCI, Dr. Backinger was Director, Issues Management Staff in the Office of Surveillance and Biometrics, Center for Devices and Radiological Health, Food and Drug Administration (FDA), Rockville, MD.

**Neal L. Benowitz, MD**  
*Professor of Medicine, Psychiatry and Biopharmaceutical Sciences*  
*Chief, Division of Clinical Pharmacology and Experimental Therapeutics*  
*University of California, San Francisco*

Dr. Neal Benowitz received his M.D. degree from the University of Rochester School of Medicine in 1969, then served as a resident in Internal Medicine at the Bronx Municipal Hospital Center from 1969 to 1971. He completed a postdoctoral fellowship in Clinical Pharmacology at UCSF and joined the faculty at UCSF in 1974. His research interests have focused primarily on the human pharmacology and toxicology of nicotine, caffeine and other stimulant drugs. He has published over 300 research papers. Dr. Benowitz was a scientific editor of the 1988 United States Surgeon General’s Report on Smoking and Health: Nicotine Addiction, and served as a member of the NIH Pharmacology Study Section. Dr. Benowitz is a member of a number of medical societies and has served as President of the American Society for Clinical Pharmacology and Therapeutics and The Society for Research on Nicotine and Tobacco. Honors include the Ove Ferno, Alton Oscher, and Rawls Palmer Progress in Medicine awards for his research on nicotine, tobacco and health and the 2002 University of California San Francisco Annual Distinguished Clinical Research Lecturer. Dr. Benowitz is currently the Tobacco Control Program Leader of the UCSF Comprehensive Cancer Center.
Joseph W. Cherner
Mr. Cherner left a successful career on Wall Street to form SmokeFree Educational Services, Inc., the largest smokefree advocacy group in the nation. As a former restaurant owner, Mr. Cherner also formed Bar and Restaurant Employees Advocating Together for a Healthy (smokefree) Environment (B.R.E.A.T.H.E.) to give hospitality workers a voice in the debate over safe, healthy, smokefree workplaces.

John R. Hughes, MD
Human Behavioral Pharmacology Laboratory
Dept. of Psychiatry
University of Vermont

John R. Hughes, M.D. is Professor of Psychiatry, Psychology and Family Practice at the University of Vermont. Dr. Hughes is board certified in Psychiatry and Addiction Psychiatry. His major focus has been clinical research on tobacco use. Dr. Hughes was the recipient of the first Ove Ferno Award for research in nicotine dependence and the Alton Ochsner Award Relating Smoking and Health. He is a co-founder and past president of the Society for Research on Nicotine and Tobacco. Dr. Hughes is Chair of the Vermont Tobacco Evaluation and Review Board which oversees Vermont’s multi-million dollar tobacco control programs. He has over 250 publications on nicotine and other drug dependencies. Dr. Hughes has been a consultant on tobacco policy to the World Health Organization, the U.S. Food and Drug Administration, and the White House.

Herbert H. Severson, PhD
Senior Research Scientist, Oregon Research Institute, Eugene Oregon
Professor Emeritus, University of Oregon, Eugene, Oregon

Dr. Severson received his Ph.D at the University of Wisconsin, Madison WI, with a degree in Educational Psychology with a focus on School Psychology. He has been a licensed psychologist since 1982 and been funded on over 40 NIH grants since 1979. Dr. Severson has long been involved with research on the topic of smokeless tobacco, and has published widely on the subject. His particular interests are addressing tobacco use through dental practices, and tobacco prevention and treatment for young people. He has developed a number of interactive computer based programs and is the principal investigator on an NCI project which is evaluating the use of the internet for smokeless tobacco cessation (ChewFree.com).

October Guest Faculty (subject to change based on availability)

Tony P. George, MD
Program for Research in Smokers in Mental Illness (PRISM)
Connecticut Mental Health Center
Yale University School of Medicine

Richard A. Windsor, PhD
Department of Preventive and Community Health
George Washington University

Phillip Gardiner, Dr. P.H.
Tobacco-Related Disease Research Program (TRDRP)
University of California Office of the President

Difference Between Fall and Spring Sessions

The most noticeable difference between the Spring and Fall sessions will be the guest faculty and their topics. The Mayo faculty and staff will remain the same but presentation times might change to accommodate guest faculty schedules.

When changes are completed for the fall schedule, a revised brochure will be posted online at www.mayoclinic.org/ndc-rst about two months before the conference start date.

**Motivational Approach to Tobacco Dependence Treatment: Beyond the Basics**

*Susan Glaeser, MS*

This workshop will focus on attainment of advanced Motivational Interviewing Skills through the use of interactive exercises, role plays and case studies designed to enhance tobacco dependence counseling competence.

*Advanced registration and application acceptance required. This workshop has no additional registration fee.*

Tuesday 2:00 p.m. – 5:00 p.m  
Wednesday 1:00 p.m. – 4:00 p.m.

---

**Registration for Motivational Approach to Tobacco Dependence**

**Requirements** – Enrollment will be limited to 30 qualified participants. Applicants must already have substantial familiarity and experience in tobacco treatment, with a basic understanding of Motivational Interviewing (MI). This is an advanced workshop focused on how to apply MI clinical skills to tobacco dependence treatment.

**To apply for enrollment** – Send a professional vita along with a letter detailing your prior background and experience in tobacco treatment using MI. Your letter should describe: training you have had in tobacco treatment; how you learned MI techniques; any formal training in MI; length of time you have used MI and the setting for use. There is no additional registration fee required for this session.

Send applications to:

*Susan Glaeser MS*  
Telephone: (800) 344-5984  
Electronic: glaeser.susan@mayo.edu  
Mail: Nicotine Dependence Center  
3rd floor Colonial  
Mayo Clinic  
200 First Street SW  
Rochester MN 55905

**Notifications** – Applications will be accepted up to two weeks prior to the conference. You will be notified of the status of your application within two weeks of receipt.
