This course is endorsed by the American Society for Gastrointestinal Endoscopy
Course Description

This course offers presentations and discussions of topics in gastroenterology and hepatology, with a focus on cutting-edge information that has direct clinical impact. Faculty examines new data, procedures and techniques, and guides attendees in determining the role of these advances in their practice. Controversies in diagnosis and therapy are analyzed in discussions and breakout sessions. Learn new techniques from expert endoscopists using state-of-the-art technology at the Hands-On Endoscopy Workshop. Use of an audience response system engages participants in interactive learning.

Course Learning Objectives

Upon conclusion of this program, participants should be able to:

• Discuss the role of selected advanced endoscopic procedures in patient care.
• Identify controversies in the management of patients with various gastroenterological disorders.
• Define the role of newer antiviral medications in the treatment of viral hepatitis.
• Compare and contrast the various treatment options available for patients with inflammatory bowel disease.

Attendance at this Mayo course does not indicate nor guarantee competence or proficiency in the performance of any procedures which may be discussed or taught in this course.

Intended Audience

This course is designed for practicing gastroenterologists, surgeons, GI fellows, physician assistants, nurse practitioners, individuals specializing in gastrointestinal endoscopy and primary care physicians with an interest in gastroenterology.

Hands-On Endoscopy Workshop

(Optional add-on and fee $200.00)

On Thursday, March 1, 2012 from 2:30 – 5:00pm, an optional hands-on endoscopy workshop will be offered. Attendees will rotate through six of eight stations (25 min per station). Pre-registration is required and additional fees apply. The workshop will be limited to 32 attendees on a first come first serve basis.

ABIM ACG Module Prep Course

(Optional add-on and fee $75.00)

On Friday, March 2, 2012 from 2:15 – 3:45 p.m., an optional review course will be offered to help GI physicians prepare for the board recertification process. Based on the module developed by the American College of Gastroenterology, experts will review questions similar to those which you will need to be prepared to answer successfully in specific recertification component areas. Registrants will be sent instructions on how to register with ACG to purchase ACG's Self-Assessment Program for Maintenance of Certification (MOC) module separate registration fees apply ($60.00 ACG members; $80.00 non-members). Attendees enrolled in the ABIM's MOC program who successfully complete this ACG module will be awarded 20 self-evaluation medical knowledge points by ABIM.

Second Life Virtual Activity

If you're unable to attend the onsite symposium, you can participate virtually through Second Life! Second Life is an on-line virtual world where people are represented by characters (avatars) that interact with each other and the environment of the virtual world. This symposium is being offered in Second Life and will feature the same leading experts in the field, who will be presenting at the onsite symposium in real time.
