Mayo School of Continuing Medical Education

Internal Medicine Review for Nurse Practitioners and Physician Assistants

A Case Study Approach to the Management of Common Problems

September 13-15 2006

Mayo Clinic • Rochester, Minnesota

Course Description

This annual conference has an emphasis on everyday clinical care issues confronting busy health care providers. An interactive case study format, using the automated audience response system, focuses on expanding evidence-based care management strategies for clinical decision-making.

Interdisciplinary speakers present clinical topics chosen for applicability to nurse practitioner and physician assistant practice settings with a diversity of topics representing cardiovascular and internal medicine areas, women’s health and pediatric settings.

New Features this Year

Pre-conference Cardiovascular Workshop

Wednesday, September 13

One day focused entirely on a selection of cardiovascular care topics, including cardiovascular diagnostic testing, imaging and management techniques.

Breakout Discussions

Focused nurse practitioner and physician assistant content offered in selective breakout discussion formats related to innovative practice applications and professional development.

Internal Medicine Review for Nurse Practitioners and Physician Assistants

September 13 – 15, 2006
Mayo Clinic • Rochester, MN

Call for Poster Abstracts

Abstracts are invited for consideration for poster presentations at the 2006 conference. The conference committee invites individuals to submit posters addressing one of the following areas:

• Exemplary or innovative clinical practice models
• Teamwork practices, or examples of physician collaboration with nurse practitioners and/or physician assistants

Please submit a 250 word paragraph description by July 1, 2006 and include the presenter(s) CV with the submission. Send electronic submission to: fairbanks.dawn@mayo.edu (Dawn Fairbanks)

You will be notified if your poster is accepted by July 15, 2006 and receive detailed information on the poster specifications and display requirements at that time. A waiver of 50% of the registration cost of the conference will be provided for the primary author for posters accepted for display at the conference.

Additional Information

Visit the Mayo School of CME webpage (www.mayo.edu/cme/internal-medicine.html) for the most up-to-date information. The course brochure, program schedule, and on-line registration will be available by June 2006. Requests for additional information should be sent to the Mayo School of Continuing Medical Education via e-mail cme@mayo.edu or by calling 1-800-323-2688.
