This state of the art review course is designed for hematologists, oncologists, researchers, and anyone interested in integrating new concepts for the diagnosis and treatment of hematologic malignancies. This course will be a comprehensive update of issues in hematologic malignancies presenting new disease classification, treatment, and challenging cases. Course topics will include up to date American Society of Hematology (ASH) highlights.

**COURSE TOPICS INCLUDE:**
- Myeloid Disorders – new biology, diagnosis, and new therapy
- Lymphoma – pathology, classification, and management of indolent and aggressive lymphomas
- Chronic Lymphocytic Leukemia – biology, classification, prognosis, and new therapy
- Multiple Myeloma – molecular classification and approach to the high risk patient
- Supportive Care – anemia, neutropenia, bone disease, and coagulation
- Targeted Therapy – investigative insights in lymphoma, chronic lymphocytic leukemia, multiple myeloma, and myeloid disorders
COURSE LOCATION

The Mayo Clinic Division of Hematology is pleased to announce the "3rd Mayo Clinic State of the Art Symposium on Hematologic Malignancies in 2006." The course will be held at the JW Marriott Camelback Inn in Scottsdale, Arizona, January 12-15, 2006. The Camelback Inn is extending a special rate of $245 per night for course participants. Reservations must be made by December 12, 2005, to receive this special rate. Reservations can be made by calling Marriott at 1-800-228-9290 or 1-800-242-2635. For more information about the Camelback Inn, please visit their website at www.camelbackinn.com or call directly at 480-948-1700.

ADDITIONAL INFORMATION

The full course brochure including registration information is expected to be available for distribution in mid-August upon publication; a complete course brochure may be printed at www.mayo.edu/cme (cme). The full course brochure should be sent to the Mayo School of Continuing Medical Education via e-mail cme@mayo.edu or by calling 1-800-323-2688.
