Mayo School of Continuing Medical Education

10th Mayo Clinic

Endocrine Course

An Intensive Review of Endocrinology for the Clinician

March 19-23, 2007

Hapuna Beach Prince Hotel, Mauna Kea Resort, Kohala Coast, Big Island of Hawaii

CME innovations include:
• Clinical Endocrine “Pearls”
• CPC
• Case-based Debates
• Small Group Discussions
• Short and Focused Lectures
• Audience response system
• Endocrine knowledge contest
• Optional Thyroid Ultrasound Workshop

The 2007 course, created for endocrinologists and interested internists and surgeons, will present the latest material on the diagnosis and treatment of endocrine disorders. The faculty will be selected from the Mayo Clinic for their expertise, knowledge and clinical acumen. This 5-day (7:30 a.m. – 12:30 p.m.) course will span the full spectrum of endocrinology. There will be plenty of opportunity for interaction with the course faculty.

The Hapuna Beach Prince Hotel (meeting headquarters) is located at the Mauna Kea Resort complex on the Kohala Coast of the Big Island of Hawaii. This spectacular resort is a 30-minute drive from the Keahole-Kona Airport. The Mauna Kea Resort boasts two of Hawaii’s best hotels (the elegant Hapuna Beach Prince Hotel and the legendary Mauna Kea Beach Hotel), along with two of Hawaii’s best beaches and golf courses. The Hapuna Beach Prince Hotel features beautifully appointed spacious guest rooms, each offering a dramatic ocean view and private lanai, as well as many other deluxe amenities. For more information about what the facility has to offer, visit the Hapuna Beach Prince Hotel webpage at www.hapunabeachprincehotel.com.

The complete course brochure and online registration will be available by September 1, 2006 at http://www.mayo.edu/cme/endocrinology.html
