

The British Cardiovascular Society and  
Mayo Clinic Present

# Cardiology Review Course

*March 2–6, 2009*

**COURSE DIRECTORS:**

*Dr. Peter A. Brady, MD, FRCP  
Dr. Alun Harcombe, MD, FRCP*

**CARDIOLOGY REVIEW**

The course will be delivered by a large expert faculty that will cover all the key areas in cardiovascular medicine for those intending to qualify as Consultant Cardiologists.

**Course topics include:** Clinical Examination Skills, Physiology and Haemodynamics, Congenital Heart Disease, Heart Failure, Ischaemic Heart Disease – acute and chronic, ECG interpretation, Cardiac Arrhythmias, Pacing, ICDs and CRT, Valvular Heart Disease, Pregnancy in Heart Disease, Pulmonary Hypertension, Cardiac Imaging: CT, MRI and Echocardiography

*COURSE LOCATION*

*ROYAL COLLEGE OF PHYSICIANS  
LONDON, ENGLAND*

The emphasis will be on practical clinically based knowledge. The course will be taught in lecture format with faculty from the Mayo Clinic, Rochester, Minnesota, USA alongside UK speakers. Those who should attend include Cardiology Trainees with two or more years experience and those at ST5 aiming to sit the next pilot Knowledge Based Assessment examination in June 2009. The course would also benefit any senior colleagues looking to refresh their learning or provide evidence for revalidation. European trainees particularly welcome.

Course Fee: £595 inclusive of refreshments and course material (on USB).
