17th Annual Urogynecology and Disorders of the Female Pelvic Floor

COURSE HIGHLIGHTS:
• Hands-on Cadaveric Pelvic Anatomy Workshop (Pre-conference)
• Female Urology Program
• Distinguished Guest Faculty

Optional Hands-on Workshop
Wednesday, April 23, 2008

General Session
Thursday, April 24 - Saturday, April 26, 2008

JW Marriott Desert Ridge
Phoenix, Arizona

Mayo School of Continuing Medical Education
College of Medicine    www.mayo.edu
COURSE HIGHLIGHTS

The 17th Annual Mayo Clinic Urogynecology and Disorders of the Female Pelvic Floor presents the latest treatments for urogynecology and female pelvic floor disorders. It is designed for gynecologic and urologic surgeons, allied health staff, and medical practitioners with an interest in current treatments for pelvic floor dysfunction, surgical management of urinary and fecal incontinence, overactive bladder, and repair of pelvic organ prolapse. The course features didactic lectures supplemented with video presentations of advanced laparoscopic and robotic surgery, surgical case presentations and panel discussions. An interactive keypad system will be utilized to communicate immediate feedback, providing an optimal learning experience for interaction between faculty and course participants.

On Wednesday, April 23, an optional Hands-On Pelvic Retroperitoneal Cadaveric Dissection Workshop will be offered at the Mayo Clinic Procedural Skills Laboratory. Participants will learn techniques from expert surgeons in the laparoscopic and robotic dissection of vital structures and spaces in the pelvis, critical in pelvic surgery. The workshop will be offered as a morning session (8:00 a.m. – Noon) and repeated as an afternoon session (1:00 – 5:00 p.m.). Enrollment for each workshop is limited. Preregistration is required.

COURSE LEARNING OBJECTIVES

Upon completion of this course, participants should be able to:

GENERAL SESSION
• Demonstrate advanced techniques in laparoscopic surgery.
• Demonstrate minimally invasive techniques for the management of urinary incontinence.
• Select appropriate procedures for urinary incontinence based on office and urodynamic evaluation.
• Identify surgical complications of incontinence and prolapse surgery.
• Demonstrate ureteral dissection and identify management options for ureteral repair.
• Integrate additional anatomic detail into management of pelvic floor dysfunction.
• Demonstrate urodynamic evaluation of female urinary incontinence.
• Identify evidence-based research on synthetic and non-synthetic materials used in the operative management of pelvic floor prolapse.

WORKSHOP
• Identify pelvic anatomy with review of the vascular, nervous, muscular and skeletal structures in the pelvis.
• Perform laparoscopic and robotic techniques in the dissection of the vital pelvic structures commonly encountered in pelvic surgery.

DISCLAIMER

Attendance at this Mayo course does not indicate nor guarantee competence or proficiency in the performance of any procedures which may be discussed or taught in this course.

EDUCATIONAL GRANTS

As of this printing, a complete listing of commercial supporters was not available. Appropriate acknowledgment will be given to all supporters at the meeting. Exhibits will be available for viewing at all scheduled breaks.
CONTINUING EDUCATION CREDIT

College of Medicine, Mayo Clinic, is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

General Session – College of Medicine, Mayo Clinic, designates this educational activity for a maximum of 15.5 AMA PRA Category 1 Credits™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Optional Hands-On Pelvic Retroperitoneal Cadaveric Dissection Workshop – College of Medicine, Mayo Clinic, designates this educational activity for a maximum of 4 AMA PRA Category 1 Credits™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

This program has been approved by the American Osteopathic Association for 15.5 hours (course) and 4.0 hours (optional workshop) of AOA Category 2-A credit.

REGISTRATION

To register online, visit www.mayo.edu/cme or complete the attached registration form and return by mail or fax.

The registration fee is $605 through March 24, 2008, and $655 thereafter for physicians active in practice. The fee includes comprehensive course syllabus, continental breakfasts, lunch on Thursday, and refreshment breaks. A reduced registration fee of $455 through March 24, 2008, and $495 thereafter is available for residents, retired physicians, and allied health colleagues.

The optional Hands-On Pelvic Retroperitoneal Cadaveric Dissection Workshop (April 23, 2008) fee of $600 through March 24, 2008, and $650 thereafter includes course materials, refreshments and roundtrip shuttle service from JW Marriott to Mayo Clinic for each session. Transportation information will be provided in the confirmation letter.

E-mail confirmation will be sent upon receipt of payment and completed registration form. If you do not receive a confirmation letter, or if you require additional information, please send an e-mail to mcs.cme@mayo.edu or call (480) 301-4580. Please present the confirmation letter when checking in at the meeting registration desk.

Mayo Clinic is not responsible for expenses incurred by an individual who is not confirmed and for whom space is not available at the meeting. Costs incurred by the registrant such as airline or hotel fees or penalties are the responsibility of the registrant.

In case of an emergency, you may be reached at the conference by calling (480) 293-5000.

CANCELLATION POLICY

Your registration fee, less a $75 administrative fee, will be refunded when written notification is received by Mayo School of Continuing Medical Education on or before April 9, 2008. Notification is encouraged via fax to (480) 301-8323. No refunds will be made after April 9, 2008.
Inspired by the grandeur of the Grand Canyon, the JW Marriott Desert Ridge Resort & Spa (5350 East Marriott Drive, Phoenix, Arizona) is one Arizona’s newest and largest luxury resorts. Rising in the Sonoran Desert where north-east Phoenix converges with Scottsdale, Desert Ridge redefines the Arizona destination resort experience. Step from a sun-dappled porte cochere into the cool sand-stone lobby and be greeted by the stunning sight of floor-to-ceiling windows opened wide, spilling out onto sparkling blue waterways and majestic palm-lined paths accented by vibrant desert wild-flowers. Sited to offer majestic views of the McDowell Mountains, the resort is conveniently located, with easy access to the new Loop 101 freeway, and is just 30 minutes north of Phoenix Sky Harbor International Airport. The resort is the centerpiece of the Valley’s burgeoning northeastern corridor, surrounded by the pristine Sonoran Desert. For more information on the JW Marriott Desert Ridge Resort, visit its website at www.jwdesertridgeresort.com

Rooms have been reserved for course participants and guests at the JW Marriott Desert Ridge Resort at a special rate of $329, single or double occupancy per night, plus local and state taxes. To ensure accommodations, make your reservation by March 31, 2008, by calling (800) 835-6206. Reservations received after this date will be subject to availability at the group rate. Rates will be honored three days prior and three days following the published course dates, based upon space availability. When making reservations, identify yourself as a participant of Mayo Clinic’s Urogynecology and Disorders of the Female Pelvic Floor course.

Attendees are responsible for their own reservations. The standard hotel individual reservation cancellation policy will apply, unless otherwise specified.

Features at the JW Marriott Desert Ridge Resort & Spa include: two 18-hole championship golf courses, 28,000-square-feet comprehensive spa; full service spa salon; state-of-the-art fitness gym; eight-court tennis pavilion with grass and clay courts; swimming pools with interconnecting waterways, waterfalls and a lazy river.

The Phoenix area offers both the means and the mindset to venture forth into the great outdoors to pursue a favorite pastime or take up a new activity. Year-round sunny skies make hiking or biking through the dramatic Sonoran Desert landscape as natural as can be, while a journey into the majestic McDowell Mountains on horseback allows you to experience the city’s Western heritage. If you’re not a landlubber, take to the skies in a hot air balloon. If indoor activities are more your style, you’ll find an endless array of shopping malls, boutiques and outlets to keep your fashion taste buds tantalized. And when you’ve exhausted all the shopping you can manage, a multitude of fine dining establishments are waiting to whisk you away from the cares of the day into a variable culinary paradise…everything from Italian, Mexican, steak and seafood to French, Cuban, Greek and Mediterranean. For assistance in planning your leisure activities, please contact the resort’s concierge at (480) 293-5000. Visit www.phoenixcvb.com or www.scottsdalecvb.com for additional recreation and leisure activities.

Ground Transportation: Hertz is offering a reduced daily rate for participants attending the course. Call (800) 654-2240 and refer to CV Number 03NR0003 when making reservations. Supershuttle vans offer airport transportation to and from the hotel. To make reservations, call (800) 258-3826 or (602) 244-9000.

Urogynecology and Disorders of the Female Pelvic Floor

Thursday April 24, 2008

7:15 AM  Registration, Continental Breakfast and Exhibits
Moderator: Rosanne M.C. Kho, M.D.

PELVIC FLOOR ANATOMY

7:50  Introductions and Announcements
8:00  Female Pelvic Anatomy: Structural and Functional Support
      Marshall L. Smith Jr., M.D., Ph.D.
8:25  Levator Muscle Anatomy and Impact of Delivery
      Robert M. Rogers, M.D.
8:50  Review of Pelvic Anatomy via Laparoscopic Dissection
      Rosanne M.C. Kho, M.D.
9:15  Anal Sphincter Anatomy: Implications for Repair
      Jeffrey L. Cornella, M.D.
9:40  Panel Discussion
      Drs. Cornella, Kho, Rogers and Smith
10:05 Refreshment Break and Exhibits

MINIMALLY INVASIVE MANAGEMENT OF FEMALE URINARY INCONTINENCE

10:25  Transobturator Procedures: Anatomy and Techniques
      Robert M. Rogers, M.D.
10:50  TVT and TOT: Literature Update and How to Reduce Complications
      Jeffrey L. Cornella, M.D.
11:15  Robotic Burch Urethropexy and Paravaginal Defect Repair
      Paul M. Magtibay, M.D.
11:40  Panel Discussion
      Drs. Cornella, Magtibay and Rogers
Noon Luncheon
VIDEO SESSION:
SURGICAL MANAGEMENT OF PELVIC FLOOR DYSFUNCTION
(Video Presentations)
1:00 PM
Proper Technique for Anatomic Dissection During Laparoscopy
Robert M. Rogers, M.D.
Vaginal Oophorectomy Techniques
Rosanne M.C. Kho, M.D.
Robotic Excision of Ovarian Remnant
Paul M. Magtibay, M.D.
Botulinum Toxin Injection for the Management of Bladder Overactivity
Anthony G. Visco, M.D.
2:00
Panel Discussion
Drs. Kho, Magtibay, Rogers and Visco

MANAGEMENT OF PELVIC ORGAN PROLAPSE
(Lecture and Video Presentations)
2:30
Uterosacral Ligament Fixation for Restoration of Apical Vaginal Support (Vaginal Approach)
Paul M. Magtibay, M.D.
2:55
Laparoscopic and Robotic Sacrocolpopexy
Anthony G. Visco, M.D.
3:20
Robotic Hysterectomy and Prophylactic Uterosacral Ligament Fixation
Rosanne M.C. Kho, M.D.
3:45
Urodynamics for Patients with Pelvic Organ Prolapse
Anthony G. Visco, M.D.
4:10
Adjourn

Friday April 25, 2008

Moderator: John B. Gebhart, M.D.
7:30 AM Continental Breakfast and Exhibits
7:50 Announcements
8:00 Ten Types of Vaginitis: Potential Vestibular/Periurethral Irritants
R. Stuart Fowler, M.D.
8:30 Complications of Incontinence and Prolapse Surgery
John B. Gebhart, M.D.
**Urogynecology and Disorders of the Female Pelvic Floor**

9:00  Office Evaluation of Female Urinary Incontinence  
Rosanne M.C. Kho, M.D.

9:30  Female Urinary Incontinence: Urodynamics  
John B. Gebhart, M.D.

10:00  Panel Discussion and Case Presentations  
Drs. Fowler, Gebhart and Kho

10:30  Refreshment Break and Exhibits

**VAGINAL SURGERY**  
*(Lecture and Video Presentations)*

10:50  Vaginal Stenosis: Management Following Gynecologic Surgery  
Javier F. Magrina, M.D.

11:20  The Difficult Vaginal Hysterectomy  
John B. Gebhart, M.D.

11:50  The Ureter: Anatomy and Dissection by Laparoscopy and Robotics  
Javier F. Magrina, M.D.

12:20 PM  Panel Discussion  
Drs. Gebhart and Magrina

12:45  Adjourn

**Saturday  April 26, 2008**

**Moderator:** Jeffrey L. Cornella, M.D.

7:30 AM  Continental Breakfast and Exhibits

7:50  Announcements

8:00  Female Voiding Dysfunction  
Steven W. Siegel, M.D.

8:30  Management of Refractory Bladder Overactivity: Botulinum Toxin, Neuromodulation and Beyond  
Erik P. Castle, M.D.

9:00  Sacral Nerve Stimulation for Voiding Dysfunction  
Steven W. Siegel, M.D.

9:30  Panel Discussion  
Drs. Castle, Cornella and Siegel

10:00  Refreshment Break and Exhibits

10:20  Cystoscopic Assessment of the Bladder and Urethra  
Jeffrey L. Cornella, M.D.
Urogynecology and Disorders of the Female Pelvic Floor

10:50  Recognition and Management of Ureteral Injury
Erik P. Castle, M.D.

11:20  Management of Injuries to the GI Tract During Gynecologic Surgery
Tonia M. Young-Fadok, M.D.

11:50  Evidenced-Based Use of Graft Materials in Gynecologic Surgery
Jeffrey L. Cornella, M.D.

12:20 PM  Panel Discussion
Drs. Castle, Cornella and Young-Fadok

12:50  Adjourn

FACULTY DISCLOSURE
As a provider accredited by ACCME, Mayo Clinic (Mayo School of CME) must ensure balance, independence, objectivity and scientific rigor in its educational activities. Course Director(s), Planning Committee Members, Faculty, and all others who are in a position to control the content of this educational activity are required to disclose all relevant financial relationships with any commercial interest related to the subject matter of the educational activity. Safeguards against commercial bias have been put in place. Faculty also will disclose any off-label and/or investigational use of pharmaceuticals or instruments discussed in their presentation. Disclosure of this information will be published in course materials so those participants in the activity may formulate their own judgments regarding the presentation.
Online registration now available!
