COURSE HIGHLIGHTS

Robotic Surgery in Gynecology: An Observational Experience at Mayo Clinic is a one-day intensive program designed to familiarize physicians on the applications of robotics in gynecologic surgery through didactic presentations, videos and live surgeries. The program, intended for practicing gynecologists, robotic surgeons, laparoscopic surgeons, urogynecologists, and gynecologic oncologists, is held at Mayo Clinic Hospital in Phoenix, Arizona.

COURSE LEARNING OBJECTIVES

Upon completion of this course, participants should be able to:

• Explain the applications of robotics technology in benign gynecology, urogynecology and gynecologic oncology.
• Demonstrate advantages of robotics compared to conventional laparoscopy.
• Interpret up-to-date literature on surgical outcomes and techniques in robotic surgery.
• Apply the principles in order to be a safe and efficient robotic surgeon.

DISCLAIMER

Attendance at this Mayo course does not indicate nor guarantee competence or proficiency in the performance of any procedures which may be discussed or taught in this course.

CREDIT

College of Medicine, Mayo Clinic is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

College of Medicine, Mayo Clinic designates this educational activity for a maximum of 7.5 AMA PRA Category 1 Credits™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

EDUCATIONAL GRANTS

This course is supported in part by educational grants, in accordance with ACCME standards.

As of this printing, a complete listing of commercial supporters was not available. Appropriate acknowledgment will be given to all supporters at the meeting.

REGISTRATION

To register online, visit http://www.mayo.edu/cme or complete the attached registration form and return by mail or fax. The course registration fee of $475 includes tuition, continental breakfast, lunch, and refreshment breaks. You also will have access to a password-protected course website where presentation materials will be posted and available one week prior to the course. You can view, save, or print the syllabus prior to the course and up to three months following the activity.

Enrollment is limited; early registration advised. Walk-in registrations cannot be accommodated. No discount fees are available for this activity.

A letter of confirmation will be sent upon receipt of payment and completed registration form. Please present the confirmation letter when checking in at the Mayo Clinic Hospital Information Desk. If you do not receive a confirmation letter, or if you require additional information, please send an e-mail to mca.cme@mayo.edu or call (480) 301-4580.

No refund will be granted unless a written notice of cancellation is received. If registration must be canceled, tuition less a $75 administrative fee will be refunded when notification is received 14 days in advance of the respective program date. No refunds will be made if notification is received fewer than 14 days in advance of the program date.

Mayo Clinic is not responsible for expenses incurred by an individual who is not confirmed and for whom space is not available at the meeting. Costs incurred by the registrant such as airline or hotel fees or penalties are the responsibility of the registrant.

In case of an emergency, you may be reached at the conference by calling Mayo School of CPD, at telephone (480) 301-4580.
MEETING LOCATION
Mayo Clinic Hospital
Mayo Clinic Specialty Building
5777 East Mayo Boulevard
Phoenix, Arizona 85054
www.mayoclinic.org

Mayo Clinic Hospital and Mayo Clinic Specialty Building are located on a 210-acre site at 56th Street and Mayo Boulevard, near the Pima Freeway (Loop 101) in the fast-growing corridor of northeast Phoenix.

The hospital provides inpatient care to support the medical and surgical specialties and programs at the clinic. Mayo Clinic Hospital is the first hospital planned, designed and built by Mayo Clinic. Completed the fall of 1998, the hospital was designed to deliver high quality, inpatient medical care in an efficient environment, friendly to both patients and visitors. The hospital is a seven-story facility with 244 licensed beds, 18 operating rooms and a Level II emergency department.

ACCOMMODATIONS

Residence Inn® by Marriott® Phoenix Desert View at Mayo Clinic
5665 East Mayo Boulevard
Phoenix, Arizona 85054
Telephone: (800) 228-9290 or (480) 563-1500
www.Marriott.com/phxmh

The Residence Inn® by Marriott® Phoenix Desert View at Mayo Clinic is conveniently located off the Loop 101 and 56th Street, and within walking distance to the Mayo Clinic Hospital and Specialty Building. No detail is overlooked, from the granite countertops and stainless steel appliances, to the complimentary hot breakfast and evening social hour during the week. The Sonoran Desert creates a stunning background and places you in the heart of some of the best the Valley of the Sun has to offer in shopping, dining, and entertainment. Complimentary shuttle service also is provided to the Mayo Clinic Hospital and within a 5-mile radius of the hotel.

The Residence Inn® extends a special Mayo Clinic employee rate, based on space-available basis. To make your reservation, call toll-free, (800) 228-9290 or (480) 563-1500. To ensure accommodations, make your reservation at least 14 days in advance of the course date. Please be sure to request the Mayo Clinic employee rate.

Attendees are responsible for their own reservations.

RECREATION/LEISURE ACTIVITIES
Visit www.visitphoenix.com or www.scottsdalecvb.com for additional recreation and leisure activities.

TRANSPORTATION

Ground Transportation: Hertz is offering a reduced daily rate for participants attending the course. Call (800) 654-2240 and refer to CV Number 03NR0005 when making reservations.

Supershuttle vans offer airport transportation to and from the hotel. To make reservations, call (800) 258-3826 or (602) 244-9000.
PROGRAM

6:45 AM  Registration  
(Registered participants should report to the Information Desk, main floor, Mayo Clinic Hospital)

7:15  Welcome and Introductions

7:30  Patient Positioning and Operating Room Set-Up in Robotic Surgery  
Rosanne M.C. Kho, MD

8:00  Live Robotic Surgery  
Javier F. Magrina, MD and Rosanne M.C. Kho, MD

10:00  Refreshment Break

10:30  Robotics in Benign Gynecology  
Rosanne M.C. Kho, MD

11:00  Live Robotic Surgery  
Rosanne M.C. Kho, MD

1:00 PM  Lunch (provided)

1:30  Robotics in Complex and Gynecologic Oncology  
Javier F. Magrina, MD

2:00  Surgical Video Presentations  
Javier F. Magrina, MD and Rosanne M.C. Kho, MD

3:00  Questions and Answers

4:00  Concluding Remarks, Evaluation and Adjourn

Please note: Program schedule may change slightly depending on live surgery findings or procedures.

MAYO CLINIC FACULTY

Rosanne M.C. Kho, MD, is an Assistant Professor of Obstetrics and Gynecology at Mayo Clinic. In addition, Dr. Kho serves as the Assistant Program Director for the Female Pelvic Medicine & Reconstructive Surgery Fellowship at Mayo Clinic. Dr. Kho’s areas of interest include robotic, laparoscopic and vaginal gynecologic surgeries for the treatment for benign conditions and pelvic floor dysfunction.

Dr. Kho completed her medical training at Tulane University in New Orleans; residency training in Obstetrics and Gynecology at the Mayo Graduate School of Medicine in Rochester, MN; and fellowship training in Female Pelvic Medicine & Reconstructive Surgery at Mayo Clinic in Scottsdale, Arizona.

Dr Kho has been involved with robotic surgery since 2004 and has been involved with teaching its application in gynecologic surgery in many national and international courses.

Javier F. Magrina, MD, is a Professor of Obstetrics and Gynecology at Mayo Clinic and Barbara Woodward Lipps Professor. In addition, Dr. Magrina serves as the Program Director for the Gyneologic Minimally Invasive Surgery Fellowship. Dr. Magrina’s areas of interests include robotic and laparoscopic surgery for benign and malignant female conditions.

Dr. Magrina completed his medical training at the University of Barcelona Medical School in Barcelona, Spain; residency training in Obstetrics and Gynecology at the Mayo Graduate School of Medicine in Rochester, MN; and fellowship training in Gyneologic Oncology at the University of Kansas in Kansas, City, Kansas.

Dr. Magrina has been involved in robotics surgery since 2004. He is a pioneer having applied the robotic technology in every aspect of gynecologic surgery. He has been involved in multiple national and international meetings teaching and demonstrating the diverse applications of robotics in the field of gynecology.

FACULTY DISCLOSURE: As a provider accredited by ACCME, College of Medicine, Mayo Clinic (Mayo School of CPD) must ensure balance, independence, objectivity and scientific rigor in its educational activities. Course Director(s), Planning Committee Members, Faculty, and all others who are in a position to control the content of this educational activity are required to disclose all relevant financial relationships with any commercial interest related to the subject matter of the educational activity. Safeguards against commercial bias have been put in place. Faculty will also disclose any off-label and/or investigational use of pharmaceuticals or instruments discussed in their presentation. Disclosure of this information will be published in course materials so those participants in the activity may formulate their own judgments regarding the presentation.
