**Curriculum Highlights**

- **Clinical Integration Basic Doctoring**: Offers a comprehensive overview of medicine and its integration into clinical practice.
- **Pathology and Immunology**: Focuses on the understanding of disease processes at a cellular and molecular level.
- **Microbiology, Pharmacology**: Emphasizes the application of these sciences in clinical decision-making.

**Rotation Schedule**

- **Block 1**: Orientation (2 weeks)
- **Block 2**: Biochemistry/Genetics Histology (1 week)
- **Block 3**: Anatomy (2 weeks)
- **Block 4**: Clinical Integration Basic Doctoring (3 weeks)
- **Block 5**: Pathology and Immunology (2 weeks)
- **Block 6**: Microbiology, Pharmacology (2 weeks)
- **Block 7**: Clinical Integration Basic Doctoring (3 weeks)
- **Block 8**: OMS Boot Camp (1 week)

**Specialized Electives**

- **Advanced Doctoring**: Offered in various blocks throughout the year.
- **Surgery Specific Elective**: Available in select blocks.

**Elective Options**

- **Clinical Integration Basic Doctoring**: Elective choices may vary by block.
- **Microbiology, Pharmacology**: Offered in select blocks.

**Exam Schedule**

- **Step 1**: Board Review Course (Block 6)
- **REAL Pt. Exams**: Offered in specific blocks.
- **Step 3**: Board Review Course (Block 10)

**Additional Notes**

- **Weekend Breaks**: Provided in the curriculum to accommodate personal time.
- **Research Opportunities**: Encouraged in select blocks.

**Important Dates**

- **RRC Sessions TBD**: Dates for RRC sessions will be announced.
- **One-week RRC Boot Camp**: Provided in the spring for final preparation.

**Class of 2020, 2019, 2018, 2017**

- **Ongoing Electives**: Offered continuously throughout the curriculum.

---

**Conclusion**

The Mayo Medical School curriculum is designed to provide a comprehensive education in medicine, integrating basic sciences with clinical practice in a structured yet flexible manner. The curriculum is updated annually to reflect the latest advances in medical knowledge and practice.
