6th Annual
HEART RHYTHM & ECG COURSE
A Case-Based Approach

Mayo Clinic School of Continuous Professional Development

FAIRMONT SCOTTSDALE PRINCESS
SCOTTSDALE, ARIZONA
DECEMBER 7–10, 2017

24.25
AMA PRA CATEGORY 1 CREDITS™
COURSE HIGHLIGHTS

• Concentrates on general ECG understanding, guidelines on atrial fibrillation and CHF management.
• It is designed to allow health care professionals the opportunity to update their medical knowledge, enhance their clinical skills, and support their professional development through a dynamic curriculum.
• Realize important advances in the medical field and address educational needs and practice gaps.
• Through didactic lectures, case-study presentations, and audience interaction, this CME activity strives to develop and promote continuing medical education with the ultimate goal of enhancing patient care.

TARGET AUDIENCE
This course offers sessions for all levels of professionals and is intended for general internists, hospitalists, family practitioners and allied health staff participating in cardiac services.

LEARNING OBJECTIVES
Upon conclusion of this program, participants should be able to:
• Discuss simplified criteria for aberrancy or ventricular tachycardia
• Identify chamber abnormalities and diagnostic changes
• Identify common ECG patterns
• Discuss current guidelines for the management of atrial fibrillation including role of ablation
• Review current guidelines for implantable defibrillator in primary prevention of sudden death
• Review current guidelines for the management of ventricular arrhythmias
• Discuss guidelines for ICD implantation in both primary and secondary prevention of sudden death
• Discuss early evaluation and acute management options for both atrial and ventricular arrhythmias
