In 1910, Dr. William J. Mayo told a group of graduating medical students “the best interest of the patient is the only interest to be considered.” For nearly a century, those words have continued to guide the practice of medicine at Mayo Clinic. Our patients remain at the center of everything we do.

Whether you are coming to Mayo for diagnosis, treatment or both, you will be cared for by an exceptional team of providers. Our physicians, nurses, medical technicians and allied health staff will work with you to determine the cause of your symptoms and develop a treatment plan to meet your needs. If you require hospitalization, you will be admitted to Mayo Clinic Hospital, Methodist Campus or Mayo Clinic Hospital, Saint Marys Campus, both part of Mayo Clinic.

Once on our campus, please feel free to speak with any of our staff or volunteers about questions you may have. We will be happy to provide assistance in any way possible.

On behalf of Mayo Clinic, I thank you for choosing to come to us for your health care. We look forward to the opportunity to be of service to you.

Sincerely,

John H. Noseworthy, M.D.
President and Chief Executive Officer
Mayo Clinic
# PLANNING FOR YOUR VISIT

## A checklist

Please bring the following with you when you come to Mayo Clinic:

- **Your Patient Appointment Guide**  
  Section A includes the schedule and specific instructions to prepare for all of your tests and procedures, including diet or fasting instructions. Refer to this guide as you prepare your own meals. Take this guide when you dine out and tell your server what special diet you need to follow.

- **A list or the original bottles of all medications** (prescription, over-the-counter medications, herbal and dietary supplements, vitamins, etc.) you currently take; include dosages and how often you take them. Health care providers prefer you bring the original bottles because they provide the most accurate information.

- **Medical information and X-rays**  
  supplied by your home physician, if requested. Please bring paper radiology reports, along with either hard copy or electronic images on a CD.

- **Contact information** for the physician who referred you to Mayo Clinic

- **If possible, a letter from your home physician** summarizing your condition

- **Any forms** you were asked to bring with you

- **Written authorization from your HMO or PPO**, if either provides your insurance

- **Pre-certification and/or second surgical opinion** information
Working with your physician

Knowing in advance what you want to discuss with your physician can help you get the most from your visit.

- Prepare a list of the main concerns you want to discuss.
- Arrive on time to your appointment.
- Briefly explain the reason for your visit.
- Focus on your problems and symptoms.
- Answer questions accurately and completely.
- Listen carefully and ask for an explanation if you need one.
- Bring along a detailed list or the original bottles of all medications and dietary supplements (herbal products) you may be taking. This list also should include things like aspirin or other pain relievers and nonprescription cold or allergy remedies you may be taking.
- Follow instructions.
- Speak up if you have questions or doubts about your diagnosis or treatment.
- Try to have an advocate on hand — a trusted friend or family member who can ask questions or seek additional help on your behalf if a problem arises.
- You, your legal representative or your care provider has the right to request a chaperone during your examination or treatment.

Before you leave Mayo Clinic, you should have a clear understanding of what your physician told you. If you don’t, schedule a follow-up visit or arrange for a phone call with your physician.
Ask us
At Mayo Clinic, we are committed to providing you with high-quality, safe medical care. Help us give you the best care possible by being an active, involved and informed member of your health care team.

Ask us about:
- Your care or treatment. Be sure you understand your diagnosis or condition, and discuss treatment options with your doctor to find the best one for you.
- Medications. If you don’t feel well after taking a medication, tell your health care provider.
- Preventing infection. Expect your health care providers to clean their hands or wear gloves before they have contact with you, and be sure to clean your hands frequently, too. If you’re sick, masks are available to prevent spreading the illness to others.
- Safe surgery and procedures. Be sure you know the purpose and risks of any surgery or procedure, and follow directions for avoiding certain medications or foods before the procedure. Mayo Clinic staff will ask you the same information several times for your safety, including your name, birth date, type of procedure, and your medical history.

Clothing
During the winter, bring cold-weather clothing. Wear lightweight clothing in summer, as well as a light sweater to wear inside the clinic. Coat checkrooms are available at the information desks in the subway levels of the Mayo and Gonda buildings, as well as the Gonda lobby level.

Length of your visit
The length of your stay depends upon the number of tests and consultations you have. Medical evaluations usually can be completed within three to six working days; however, additional testing or consultation may require more time or a return visit.

If you require a hospital stay
You may choose a semiprivate room, private room or private suite if you require an inpatient hospital stay. All room requests are taken at time of admission.

Coming without an appointment
If you come to Mayo Clinic without an appointment, you will be directed to the Unscheduled Appointment Area where you will visit with a nurse who will assess your medical needs. Your waiting time for an appointment may range from a few days to several months. The length of your wait depends upon your medical urgency, the number of scheduled appointment cancellations and the time of year. Shorter waiting times usually occur from November through March. For additional information about coming to Mayo without an appointment, please call a scheduling representative at 507-284-2111.

Canceling your appointment
If you must cancel or reschedule your appointment, call the telephone number listed on your confirmation letter or refer to the inside cover of this guide for the appropriate number.
Mayo Clinic is located in downtown Rochester, MN. Hotels, restaurants and shops are within easy walking distance. Many of these facilities are connected to clinic buildings by pedestrian walkways, called subways and skyways.

Transportation

Rochester is 10 miles north of Interstate 90 and 50 miles east of Interstate 35. U.S. Highway 52 connects Rochester to Minneapolis and St. Paul, which are approximately 80 miles to the northwest. Convenient “Cell Phone” Parking Lots
Mayo Clinic’s cell phone parking lots enable motorists to temporarily park, free-of-charge until patients call to be picked up at Mayo Clinic drive-up entrances. These convenient waiting areas eliminate the need for circling or looking for and paying for ramp and street parking.

Utilization of a cell phone lot results in less congestion and frustration.

At Mayo Clinic Rochester, two cell phone lots are conveniently located:
- The 2700 block of 2nd St. SW at the West Employee Lot 36.
- The corner of 2nd St. NW and 6th Ave NW in lot 30.

Cell phone lots are available for short term parking of 30 minutes or less for individuals waiting to receive a call for patient pick-up. It may also be used for car services, oversized vehicles and limousines.

Drivers must stay with their vehicles at all times.

Additional information
You also may wish to visit www.clinicinsidersguide.com for information about a comprehensive guide to Mayo Clinic written from a patient’s perspective.

For more information please call 507-293-3500.
The van arrives and departs from the main entrance of the Gonda Building and the west entrance of the Mary Brigh Building on the Saint Marys Campus. The van is wheelchair accessible with a lift.

Hotel shuttles
Many Rochester-area hotels offer shuttle service to and from Mayo Clinic. Hotel shuttles drop off and pick up at the Gonda Building and Charlton Building south entrances.

Accessibility
We encourage you to bring family or friends to assist you during your stay at Mayo Clinic. Mobility assistance and other disability services are provided for patients if additional services are needed.

On-campus wheelchairs and strollers
Wheelchairs and strollers are available free of charge for daily use on the Mayo campus and in the hospitals. Wheelchairs are located throughout the campus, and strollers can be checked out at the west doors of either the Gonda Building or Saint Marys Campus. Door attendants or employees in patient care areas can assist with any of these services. If you would be more comfortable in a larger-sized wheelchair, please ask a door attendant, or call 507-266-7100 and an escort will help transport you to and from your appointments.

Scooters and off-campus wheelchair rentals
Scooters and wheelchairs for use off campus are available for rental through Mayo Clinic Store (see page 32 of this guide).

Getting around campus

BILLING AND INSURANCE

Mayo Clinic includes the Saint Marys Campus and the Methodist Campus. The Mayo Clinic Psychiatric Hospital and the Mayo Eugenio Litta Children’s Hospital are located on the Saint Marys Campus. You will receive one bill for all services, but each facility will bill your insurance separately and produce an electronic itemized statement which will be available electronically within your patient online account or by calling 844-217-9591.

If you are hospitalized, two bills will be generated:

- One from the hospital for your room, meals, nursing care, laboratory services and other related services
- One from the clinic for your physician care and tests

Cost estimates

If you need an estimate of charges for services you know you will be receiving, please see Mayo’s online estimating tool at Mayoclinic.org or contact Financial Counseling prior to your arrival at 833-479-5483.

During your visit, you can speak with an estimator at Admissions and Business Services, Gonda Building, lobby level.

Payment

You are responsible for payment of your hospital and clinic accounts. Financial arrangements can be discussed at the Admissions and Business Services location that is most convenient for you. See locations listed on page 36. You may also contact Patient Account Services at 844-217-9591 or make payments via your Patient Online Services Account.

For your convenience, Mayo accepts cash, wire transfer, personal, traveler’s or cashier’s checks, bank debit cards, and Discover, MasterCard, American Express, Diner’s Club and Visa credit cards.

Patient rights and responsibilities

Mayo Clinic serves patients and their families with respect, concern, courtesy, and responsiveness. We are committed to maintaining patient confidentiality. We expect mutual respect for every person, patient and employee. Your rights as a patient are posted at various places throughout Mayo Clinic and available in information racks. If you feel that your rights as outlined in the Patients’ Bill of Rights have been violated, we urge you to talk to a member of your health care team or our Office of Patient Experience staff.

To provide the best possible care, we ask that our patients accept their responsibility to share accurate information about themselves and their health, ask questions if they are unclear about their diagnosis and/or treatment, and respect the rights of others by following Mayo Clinic’s rules and regulations. We also ask that our patients meet their financial obligations.
Patient account representatives

Patient account representatives are available to assist you with the financial aspects of your care. If you do not find the answer to your particular question listed in this section, please contact a representative as indicated below:

Medical record review

There is a charge for the review and interpretation of outside medical records. You will be responsible for any balances not covered by insurance.

Medicare

Medicare has two billing programs. Medicare Part A (hospital insurance) helps to pay for hospital services. Medicare Part B (medical insurance) helps to pay for clinic services, physician fees and outpatient hospital services.

Hospital services

If you receive services at the hospital, your Part A (inpatient) and Part B (outpatient) claims will be filed with Medicare for you. These Medicare payments will be sent directly to the hospital. You will receive a “Medicare Summary Notice” from Medicare when it processes your claim. If you have supplemental or Medigap hospital insurance, a claim will be filed with this insurance for you. In some cases, the claim is sent directly from Medicare to the other insurer; however, in most cases, the claim will be filed by the hospital. Hospital claims to supplemental and Medigap insurance are filed AFTER Medicare has made payment.

Clinic services and Medicare assignment

Mayo Clinic in Rochester is a participating provider and accepts assignment for Medicare Part B. Medicare will help pay for services provided by Mayo Clinic and claims will be filed with Medicare Part B for you. Medicare’s portion of the payment will be sent to Mayo Clinic for you.

Processing of Medicare claims usually takes four to eight weeks after the claim has been filed.
filed. Your itemized statement of charges can be accessed online within your Patient Online Services account or by calling Patient Account Services at 844-217-9591. Mayo will file both your Medicare and supplemental insurance claims for you.

If you have supplemental or Medigap insurance, a claim will be filed with this insurance for you. In some cases, the claim is sent directly from Medicare to the other insurer; however, in most cases, the claim will be filed by the clinic. Claims to supplemental and Medigap insurance are filed AFTER Medicare has made payment.

**Dental Services**
Dental services are non-covered by Medicare. Claims for these and other non-covered services will not be billed to Medicare. These services will be billed directly to Medicare patients.

**Preventive services**
Medicare provides limited coverage for preventive services. Before your visit to Mayo Clinic, please call 800-MEDICARE (800-633-4227 (toll-free)) to verify medical coverage.

**Medicare secondary payer**
If you have insurance coverage that will be primary to Medicare, please provide this information to Mayo when you are asked to provide your insurance information.

**Medical Assistance (Medicaid) — Iowa (limited services and only with approval from IA Medical Assistance), Minnesota, North Dakota, South Dakota, and Wisconsin, and MinnesotaCare**
Mayo Clinic, Mayo Clinic Hospital, Saint Marys Campus and Mayo Clinic Hospital, Methodist Campus participate with the state Medicaid programs of Iowa, Minnesota, North Dakota, South Dakota and Wisconsin, and the state-sponsored program, MinnesotaCare. This participation allows Mayo Clinic to provide services to and bill for patients from these states, with some restrictions. MinnesotaCare and most of the Medical Assistance programs require that some services have prior authorization before payment is allowed.

In addition, MinnesotaCare and the Medical Assistance programs typically provide coverage through a managed care health plan. If your coverage is through a managed care plan, you will likely need a referral from the health plan to receive coverage at Mayo Clinic. Mayo recommends checking with your state’s Medicaid office or your managed care health plan to verify your health plan’s requirements and see that the necessary authorization and/or referrals are completed prior to your appointment.

**Medical Assistance (Medicaid) — Other States**
Mayo Clinic cannot provide service (except in emergency situations) to Medicaid patients from states other than those listed. If you are covered by Medical Assistance or a Medical Assistance Health Plan sponsored by a state that is not listed in this brochure, a deposit of the estimated charges may be required. If you have questions about the deposit, please contact Mayo’s preappointment insurance review team at 507-284-4366.

**Medical and hospitalization insurance**
Mayo will file your primary and secondary insurance claims for you. If you have coverage with more than one insurance company, it is your responsibility to coordinate billing and payment information with them.

Insurance coverage varies among individual insurers and among individual policies. Many insurance companies limit payments using their own fee schedule of “usual, customary and
reasonable” (UCR) allowances. Mayo’s fees/charges may differ from insurance companies’ fee schedules. You are responsible for payment of your account regardless of the amount of benefits provided by insurance, including balances due to UCR limitations. If you do not have insurance, a preservice deposit may be requested. Please contact your insurance company to verify medical coverage and to obtain authorization prior to your appointment. If you need help obtaining authorization, call Mayo’s preappointment insurance review team at 507-284-4366.

Pre-certification, pre-authorization and second surgical opinion

Please be aware of your insurance company’s or employer’s authorization and pre-certification requirements and coverage limits before your visit.

Assistance with pre-authorization and pre-certification requirements is available at Admissions and Business Services, Gonda Building, lobby level, or by calling Precertification and Prior Authorization, 833-479-5484. Pre-certification is not a guarantee of payment. You are responsible for payment of services not authorized and covered by your insurance company.

Managed Care: Health Maintenance and Preferred Provider Organizations

Managed care plans such as health maintenance organizations (HMO) and preferred provider organizations (PPO) may deny payment or reduce benefits if medical care is obtained outside the established network or authorization of the plan. A preservice deposit may be required for visits not authorized. To avoid denial or reduction of benefits, please contact your insurance company representative or your primary care physician to determine plan requirements or limitations to receiving care outside the network. To verify Mayo Clinic has received your authorization, please contact Mayo’s pre-appointment insurance review team at 507-284-4366.

Disability insurance

Mayo Clinic will process your disability forms, waiver of premium, or loan payment claims for you upon receipt of a form with valid authorization. For questions call Patient Account Services at 844-217-9591.

Note: Please give the claim form with a valid authorization to a Registration and Business Services representative at Admissions and Business Services, Gonda Building, lobby level. Alternatively, you can provide the form to your healthcare provider for appropriate routing. Your physician will determine the length of your disability based on your medical condition. Discussing specific details with your physician may help speed the processing time of your claim.

Workers’ Compensation

Mayo participates with state Workers’ Compensation programs from Iowa, Minnesota, North Dakota, South Dakota and Wisconsin. These programs require prior authorization for all services. You may be responsible for portions of your bill not paid by Workers’ Compensation. Questions may be directed to Mayo’s preappointment insurance review team at 507-284-4366.
SERVICES FOR INTERNATIONAL PATIENTS

Thousands of patients from around the world travel to Mayo Clinic each year for medical care. Mayo’s International Patient Offices help ensure that distance and language are not obstacles to receiving world-class care.

MAYO CLINIC POLICIES

Cell phone use

Mayo Clinic encourages respect for others and the courteous use of cell phones. If you must make a phone call in a public space, please keep your voice low. Loud conversations may disturb others or inhibit communication of important medical information.

Conflict of interest

Mayo Clinic and its staff often collaborate with industry to improve patient care through activities that include research agreements, invention licenses, consulting activities. Mayo Clinic’s Conflict of Interest Review Board oversees all such activities. Mayo Clinic and its staff members do not receive any royalties for inventions or technology developed at Mayo and subsequently prescribed for Mayo Clinic patients.

In addition, a publicly accessible website, Open Payments, developed by Centers for Medicare & Medicaid Services (CMS) will be available no later than September 30, 2014. Open Payments is a national disclosure program that promotes transparency by publishing financial relationships between the medical industry and healthcare providers (physicians and hospitals). For specific information regarding physician relationships with a commercial entity, you may go to [www.cms.gov/Regulations-and-Guidance/Legislation/National-Physician-Payment-Transparency-Program/index.html](http://www.cms.gov/Regulations-and-Guidance/Legislation/National-Physician-Payment-Transparency-Program/index.html).

If you have questions about Mayo’s relationships with industry, please ask your physician or contact the Office of Conflict of Interest Review at 507-284-0075.
Gratuities or tips
Our employees are professionally committed to making your visit as comfortable as possible. We are pleased to be of service to you and cannot accept gratuities.

Grievances/complaints
If you feel your rights as a patient were not upheld, please speak with your physician or nurse. Or you may contact the Office of Patient Experience at 507-284-4988. You have a right to request and receive a written response to any grievance. If satisfaction is not achieved by working with Mayo Clinic’s grievance procedure, contact one of the following:

Health care/advance directives
Health care/advance directives information brochures are available at all hospital Information Desks, at the Mayo Patient Education Center and through Mayo Clinic’s Social Work Services. Mayo Clinic will honor advance directives that are in accordance with the law, the institution’s mission and reasonable medical practice. If you have questions, please contact Social Work at 507-284-2131.

Medical records access
Please see page 23 for more information.

Photography
Photography, including cell phone and videotaping, is allowed on campus only after obtaining permission from all patients, employees and/or visitors being captured in the image. If the patient is unable to give permission, permission should be obtained from the patient’s family members and the nurse manager/nursing supervisor.

In some instances, a family member who will assist with the patient’s care after dismissal may wish to videotape specific home-going patient care procedures. This may be done after obtaining verbal consent from the patient. Videotaping or photography of daily patient care activities, however, is not permitted.

Protecting your privacy
Mayo Clinic is committed to protecting the privacy of patients. If you have questions or concerns regarding your privacy at Mayo, please call the Office of Patient Experience, 507-284-4988.

Relatives and friends
Relatives and friends are welcome at Mayo Clinic. They will be asked to stay in the waiting area during exams and tests unless special reasons require them to be present. Parents may remain with children throughout their appointments.

Reporting adverse events
Long before the Minnesota Adverse Health Care Event Reporting Law was passed in 2003, Mayo Clinic had a tradition of reviewing unanticipated outcomes and developing preventive measures to reduce the potential for recurrences. We have an established process for reviewing adverse events and immediately taking corrective measures to improve unanticipated outcomes.
Segway and other voluntary mobility devices
Use of Segway devices, inline skates, skateboards or scooters is not permitted in any facility or on clinic or hospital grounds.

Smoke-free environment
Mayo Clinic is a smoke-free institution. Smoking is not permitted in any facility or on clinic or hospital grounds.

Weapons policy
Mayo Clinic has a long-standing policy of banning weapons and other contraband in clinic facilities.
