Pancreatic Cancer: Innovations for the Future

Saturday, November 3, 2012

Patient and Family Education Symposium for Pancreatic and Islet Cell Cancers

Mayo Clinic
Phillips Hall, Siebens Building, Street Level
Rochester, MN
The Mayo Clinic Cancer Education Program, in collaboration with the Specialized Program of Research Excellence (SPORE) in Pancreatic Cancer Grant, is pleased to offer this education symposium.

This educational event is for patients, their families and the public who are interested in exploring the essential health issues surrounding pancreatic cancer.

Conference Goals:
- Provide up-to-date information on risk factors, incidence, diagnosis and treatment for pancreatic and islet cell cancers
- Discuss the latest surgical interventions, emerging therapies, and innovative research for pancreatic and islet cell cancers
- Highlight management strategies for addressing fatigue, sleep disturbance and pain
- Discuss common nutritional challenges and management strategies in cancer care
- Identify the role of genetic risk in pancreatic cancer
- Explore personal perspectives of issues faced by individuals and their families with a diagnosis of pancreatic or islet cell cancer

Support for the conference is provided by the Mayo Clinic Stephen and Barbara Slaggie Innovation in Cancer Education Fund
EARLY BIRD REGISTRATION
DEADLINE: OCTOBER 26, 2012
