STATE-OF-THE-ART

CARDIOVASCULAR UPDATE
a case-based approach in the heart of Manhattan

NEW YORK HILTON MIDTOWN
NEW YORK CITY
APRIL 20-22, 2017

REGISTER TODAY!
COURSE DESCRIPTION

This course reviews clinically relevant information regarding heart failure, arrhythmias, as well as ischemic, structural, and vascular heart disease. The interactive, practice-based format includes case presentations of state-of-the-art lectures in new and topical cardiovascular developments. The program is designed for clinical cardiologists, cardiac surgeons, general internists, and allied health personnel with a cardiovascular interest. We hope to improve the care of patients with cardiovascular disease by providing a dynamic and interactive educational experience for clinical practitioners.

Upon completion of this course, participants should have a broad understanding of diagnostic, clinical and interventional options in the care of their cardiac patients. Additionally, attendees will learn about new strategies for managing patients with valvular heart disease. Attendees will also learn how to review current anticoagulation strategies and apply techniques to identify and treat patients with unique coronary artery cases. They will also learn about patients with congenital heart disease.

COURSE HIGHLIGHTS

- Identify diagnostic, clinical, and interventional options in the care of your cardiac patients with circulatory failure
- Describe current interventional strategies for managing patients with valvular heart disease
- Review current pharmacologic, non-pharmacologic and anticoagulation strategies in patients with atrial fibrillation and other rhythm disorders
- Apply techniques to identify and treat patients with acute and chronic coronary artery disease
- Summarize treatment of patients with congenital heart disease

Attendance at this Mayo course does not indicate nor guarantee competence or proficiency in the performance of any procedures which may be discussed or taught in this course.
INTENDED AUDIENCE

The intended audience includes cardiologists, internal medicine subspecialists, general internists, fellows-in-training, physician assistants, and nurse practitioners.

ACCREDITATION

Mayo Clinic College of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. Mayo Clinic College of Medicine designates this live activity for a maximum of 19.5 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

MOC – Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 19.5 MOC points in the American Board of Internal Medicine’s (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider’s responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

Other Health Care Professionals – A certificate of attendance will be provided to other health care professionals for requesting credits in accordance with state nursing boards, specialty societies, or other professional associations.
