INTRODUCTION

This benefits booklet for the Delta Dental component of the Mayo Dental Plan (the “Plan”) provides information that is applicable to Plan benefits offered under the Mayo Clinic Health & Welfare Benefits Plan. This benefits booklet describes your Plan benefits, how to submit claims for benefits, who reviews claims for benefits and other information about the Plan.

The General Information Booklet for the Mayo Clinic Health & Welfare Benefits Plan (the “General Information Booklet”) provides information about eligibility for coverage under the Plan, how to enroll, opportunities to make mid-year changes, when coverage ends and how you may be able to continue coverage under the Plan if it ends. It also contains information such as who has the right to amend and terminate the Plan.

This benefits booklet, together with the General Information Booklet, constitutes the Summary Plan Description for the Plan as of January 1, 2019 and replaces all prior descriptions of the Plan. It is intended to provide a summary of your benefits available under the Plan. If there are any discrepancies between the Summary Plan Description and the governing plan documents, the plan documents will control.

You can enroll in only one component of the Mayo Dental Plan, and if you are enrolled in the Plan, you cannot enroll yourself or your eligible family members in a different component of the Mayo Dental Plan, such as the Mayo Reimbursement Account. References to the “Group” shall be references to Mayo Clinic as the Plan Sponsor, and any participating employer who has adopted the Plan.

**DESCRIPTION OF COVERED PROCEDURES**

**Pretreatment Estimate**

*(Estimate of Benefits)*

It is recommended that a pretreatment estimate be submitted to the plan prior to treatment if your dental treatment involves major restorative, periodontics, prosthetics or orthodontic care (see description of coverages), to estimate the amount of payment. The pretreatment estimate is a valuable tool for both the dentist and the patient. Submission of a pretreatment estimate allows the dentist and the patient to know what benefits are available to the patient before beginning treatment. The pretreatment estimate will outline the patient’s responsibility to the dentist with regard to co-payments, deductibles and non-covered services and allows the dentist and the patient to make any necessary financial arrangements before treatment begins. This process does not prior authorize the treatment nor determine its dental or medical necessity. The estimated Delta Dental payment is based on the patient’s current eligibility and current available contract benefits. The subsequent submission of other claims, a change in eligibility, a change in the contract coverage or the existence of other coverage may alter the Delta Dental final payment amount as shown on the pretreatment estimate form.

After the examination, your dentist will establish the dental treatment to be performed. If the dental treatment necessary involves major restorative, periodontics, prosthetics or orthodontic care, a participating dentist should submit a claim form to the Plan outlining the proposed treatment.

A Pretreatment Estimate of Benefits statement will be sent to you and your dentist. You will be responsible for payment of any deductibles and coinsurance amounts or any dental treatment that is not considered a covered service under the Plan.

**Benefits**

The Program covers the following dental procedures when they are performed by a licensed dentist and when necessary and customary as determined by the standards of generally accepted dental practice. The benefits under this Program shall be provided whether the dental procedures are performed by a duly licensed physician or a duly licensed dentist, if otherwise covered under this Program, provided that such dental procedures can be lawfully performed within the scope of a duly licensed dentist.

As a condition precedent to the approval of claim payments, the Plan shall be entitled to request and receive, to such extent as may be lawful, from any attending or examining dentist, or from hospitals in which a dentist’s care is provided, such information and records relating to a Covered Person as may be required to pay claims. Also, the Plan may require that a Covered Person be examined by a dental consultant retained by the Plan in or near the Covered Person’s place of residence. The Plan shall hold such information and records confidential.
To avoid any misunderstanding of benefit payment amounts, ask your dentist about his or her network participation status within your Delta Dental PPO and Delta Dental Premier networks prior to receiving dental care.

Delta Dental of Minnesota does not determine whether a service submitted for payment or benefit under this Plan is a dental procedure that is dentally necessary to treat a specific condition or restore dentition for an individual. Delta Dental of Minnesota evaluates dental procedures submitted to determine if the procedure is a covered benefit under your dental plan. Your dental Plan includes a preset schedule of dental services that are eligible for benefit by the Plan. Other dental services may be recommended or prescribed by your dentist, which are dentally necessary, offer you an enhanced cosmetic appearance, or are more frequent than covered by the Plan. While these services may be prescribed by your dentist and are dentally necessary for you, they may not be a dental service that is benefited by this Plan or they may be a service where the Plan provides a payment allowance for a service that is considered to be optional treatment. If the Plan gives you a payment allowance for optional treatment that is covered by the plan, you may apply this Plan payment to the service prescribed by your dentist which you elected to receive.

NOTE: Only those services listed are covered. Deductibles and maximums are listed under the Summary of Dental Benefits. Services covered are subject to the limitations within the Benefits, Exclusions and Limitations sections described below. For estimates of covered services, please see the “Pretreatment Estimate” section of this booklet.

Limitations

a) Optional Treatment Plans: in all cases in which there are alternative treatment plans carrying different costs, the decision as to which course of treatment to be followed shall be solely that of the Covered Person and the dentist; however, the benefits payable hereunder will be made only for the applicable percentage of the least costly, commonly performed course of treatment, with the balance of the treatment cost remaining the payment responsibility of the Covered Person.

For other dental procedure exclusions and limitations, refer to the Description of Coverages in this Delta Dental Benefit Plan Summary.

Post Payment Review

Dental services are evaluated after treatment is rendered for accuracy of payment, benefit coverage and potential fraud or abuse as defined in the Health Insurance Portability and Accountability Act of 1996 - Public Law 102-191. Any payments for dental services completed solely for cosmetic purposes or payments for services not performed as billed are subject to recovery. Delta Dental’s right to conduct post payment review and its right of recovery exists even if a Pretreatment Estimate was submitted for the service.

Optional Treatment Plans

In all cases in which there are alternative treatment plans carrying different costs, the decision as to which course of treatment to be followed shall be solely that of the Covered Person and the dentist; however, the benefits payable hereunder will be made only for the applicable percentage of the least costly, commonly performed course of treatment, with the balance of the treatment cost remaining the payment responsibility of the Covered Person.
Eligibility for Coverage

You are eligible for coverage under the Plan only if you are an eligible employee as described in the Who is Eligible section of the General Information Booklet. Certain family members may also be eligible for coverage. Refer to the Eligible Family Members section of the General Information Booklet.

Please also refer to the General Information Booklet for additional information regarding your eligibility for coverage under the Plan during a leave of absence, but note that any payments you make for coverage under the Plan during an unpaid or third-party paid leave must be made with after-tax dollars.

When You Can Enroll

Please refer to the When You Can Enroll section of the General Information Booklet for information regarding your ability to enroll in the Plan during your initial enrollment period and/or during an open enrollment period.

Duration of Coverage

For more information about when your coverage begins and ends under the Plan, including coverage that may be available under COBRA, please see the General Information Booklet.

How You Pay for Plan Coverage and Mid-Year Election Changes

If you elect to participate in the Plan, payments for your coverage will be made through pre-tax salary reductions each payroll period. Your taxable compensation from Mayo will be correspondingly reduced by the amount you pay for Plan coverage, which reduces the taxable income reported by Mayo on your Form W-2. Because payment of your coverage under the Plan is made through pre-tax salary reductions, federal law limits the circumstances under which you can make changes to your pre-tax election during the calendar year.

Please refer to the Mid-Year Election Changes section of the General Information Booklet for additional information regarding your Plan coverage and the circumstances under which you can make mid-year election changes to your Plan elections.

If I die while still employed, what happens to coverage for family members covered under the Plan at my death?

If your spouse and eligible family members were enrolled in the Plan at the time of your death, Plan coverage for your eligible family members will continue until they no longer meet the definition of eligible family member. Please refer to the Eligible Family Members section of the General Information Booklet. Coverage for your spouse will continue until your spouse is gainfully employed, remarried, or age 65. Coverage will not be available for any spouse or eligible dependent not enrolled at the time of your death. A spouse and other eligible family members covered under this provision will not be eligible to participate in annual open enrollment.

If your spouse is eligible for coverage as an employee under the Plan, contact HR Connect for enrollment details.
PLAN PAYMENTS

Participating Dentist Network

A Delta Dental Premier dentist is a dentist who has signed a participating and membership agreement with his/her local Delta Dental Plan. The dentist has agreed to accept Delta Dental's Maximum Amount Payable as payment in full for covered dental care. Delta Dental's Maximum Amount Payable is a schedule of fixed dollar maximums established solely by Delta Dental for dental services provided by a licensed dentist who is a participating dentist. You will be responsible for any applicable deductible and coinsurance amounts listed in the Summary of Dental Benefits section. A Delta Dental Premier dentist has agreed not to bill more than Delta Dental's allowable charge. A Delta Dental Premier dentist has also agreed to file the claim directly with Delta Dental.

A Delta Dental PPO network dentist is a dentist who has signed Delta Dental PPO agreement with Delta Dental of Minnesota. The dentist has agreed to accept the Delta Dental PPO Maximum Amount Payable as payment in full for covered dental care. You will be responsible for any applicable deductible and coinsurance amounts listed in the Summary of Dental Benefits section. A Delta Dental PPO dentist has agreed not to bill more than the Delta Dental PPO Maximum Amount Payable. A Delta Dental PPO dentist has also agreed to file the claim directly with Delta Dental.

Names of Participating Dentists can be obtained, upon request, by calling Delta Dental, or from the Plan's internet web site at www.deltadentalmn.org. Refer to the General Information section of this booklet for detailed information on how to locate a participating provider using the Plan’s internet web site.

Covered Fees

Under this Program, you are free to go to the dentist of your choice. You may have additional out-of-pocket costs if your dentist is not a Delta Dental PPO or Delta Dental Premier dentist with the plan. There may also be a difference in the payment amount if your dentist is not a participating dentist with Delta Dental. This payment difference could result in some financial liability to you. The amount is dependent on the nonparticipating dentist's charges in relation to the Table of Allowances determined by Delta Dental.

To avoid any misunderstanding of benefit payment amounts, ask your dentist about his or her network participation status within the Delta Dental PPO and Delta Dental Premier networks prior to receiving dental care.

Claim Payments

Payments are made by the plan only when the covered dental procedures have been completed. The plan may require additional information from you or your provider before a claim can be considered complete and ready for processing. In order to properly process a claim, the plan may be required to add an administrative policy line to the claim. Duplicate claims previously processed will be denied.

Any benefits payable under this plan are not assignable by any covered person or any eligible dependent of any covered person.

Delta Dental Premier Dentists:

Claim payments are based on the Plan’s Payment Obligation which is the highest fee amount Delta Dental approves for dental services provided by a Delta Dental Premier dentist to a Delta Dental covered patient. The Plan Payment Obligation for Delta Dental Premier dentists is the lesser of: (1) The fee pre-filed by the dentist with their Delta Dental organization; (2) The Maximum Amount Payable as determined by Delta Dental; (3) The fee charged or accepted as payment in full by the Delta Dental Premier dentist regardless of the amount charged. All Plan Payment Obligations are determined prior to the calculation of any patient co-payments and deductibles as provided under the patient’s Delta Dental program.
Delta Dental PPO Dentists:

Claim payments are based on the Plan’s Payment Obligation which is the highest fee amount Delta Dental approves for dental services provided by a Delta Dental PPO dentist to a Delta Dental covered patient. The Plan Payment Obligation for Delta Dental PPO dentists is the lesser of: (1) The fee pre-filed by the dentist with their Delta Dental organization; (2) The Delta Dental PPO Maximum Amount Payable as determined by Delta Dental; (3) The fee charged or accepted as payment in full by the Delta Dental PPO dentist regardless of the amount charged. All Plan Payment Obligations are determined prior to the calculation of any patient co-payments and deductibles as provided under the patient’s Delta Dental program.

Nonparticipating Dentists:

Claim payments are based on the Plan’s Payment Obligation, which for nonparticipating dentists is the treating dentist's submitted charge or the Table of Allowances established solely by Delta Dental, whichever is less. The Table of Allowances is a schedule of fixed dollar maximums established by Delta Dental for services rendered by a licensed dentist who is a nonparticipating dentist. Claim payments are sent directly to the Covered Person.

The covered person is responsible for all treatment charges made by the nonparticipating dentist. When services are obtained from a nonparticipating provider, any benefits payable under the group contract are paid directly to the covered person.

**Coordination of Benefits (COB)**

If you or your dependents are eligible for dental benefits under this Program and under another dental program, benefits will be coordinated so that no more than 100% of the Plan Payment Obligation is paid jointly by the programs. The Plan Payment Obligation is determined prior to calculating all percentages, deductibles and benefit maximums.

The Coordination of Benefits provision determines which program has the primary responsibility for providing the first payment on a claim. In establishing the order, the program covering the patient as an employee has the primary responsibility for providing benefits before the program covering the patient as a dependent. If the patient is a dependent child, the program with the parent whose month and day of birth falls earlier in the calendar year has the primary payment responsibility. If both parents should have the same birth date, the program in effect the longest has the primary payment responsibility. If the other program does not have a Coordination of Benefits provision, that program most generally has the primary payment responsibility.

NOTE: When Coordination of Benefits applies for dependent children, provide your dentist with the birth dates of both parents.
Claim and Appeal Procedures

Initial Claim Determinations
All claims should be submitted within 12 months of the date of service. An initial benefit determination on your claim will be made within 30 days after receipt of your claim. You will receive written notification of this benefit determination. The 30-day period may be extended for an additional 15 days if the claim determination is delayed for reasons beyond our control. In that case, we will notify you prior to the expiration of the initial 30-day period of the circumstances requiring an extension and the date by which we expect to render a decision. If the extension is necessary to obtain additional information from you, the notice will describe the specific information we need, and you will have 45 days from the receipt of the notice to provide the information. Without complete information, your claim will be denied.

Appeals
In the event that we deny a claim in whole or in part, you have a right to a full and fair review. Your request to review a claim must be in writing and submitted within 180 days from the claim denial. We will make a benefit determination within 60 days following receipt of your appeal.

Your appeal must include your name, your identification number, group number, claim number, and dentist’s name as shown on the Explanation of Benefits. Send your appeal to:

Delta Dental of Minnesota
Attention: Appeals Unit
PO Box 551
Minneapolis, MN 55440-0551

You may submit written comments, documents, or other information in support of your appeal. You will also be provided, upon request and free of charge, reasonable access to and copies of all relevant records used in making the decision. The review will take into account all information regarding the denied or reduced claim (whether or not presented or available at the initial determination) and the initial determination will not be given any weight.

The review will be conducted by someone different from the original decision-makers and without deference to any prior decision. Because all benefit determinations are based on a preset schedule of dental services eligible under your plan, claims are not reviewed to determine dental necessity or appropriateness. In all cases where professional judgment is required to determine if a procedure is covered under your plan’s schedule of benefits, we will consult with a dental professional who has appropriate training and experience. In such a case, this professional will not be the same individual whose advice was obtained in connection with the initial adverse benefit determination (nor a subordinate of any such individual). In addition, we will identify any dental professional whose advice was obtained on our behalf, without regard to whether the advice was relied upon in making the benefit determination. If, after review, we continue to deny the claim, you will be notified in writing.

To the extent your plan is covered by ERISA, after you have exhausted all appeals, you may file a civil action under section 502(a) of ERISA.

Authorized Representative
You may authorize another person to represent you and with whom you want us to communicate regarding specific claims or an appeal. However, no authorization is required for your treating dentist to make a claim or appeal on your behalf. The authorization form must be in writing, signed by you, and include all the information required in our Authorized Representative form. This form is available at our web site or by calling Customer Service. You can revoke the authorized representative at any time, and you can authorize only one person as your representative at a time.
**Time Limit for Commencing Legal Action**

If you file your initial claim within the required time, and the Claim Administrator and Plan Review Committee deny your claim and appeal, you may sue over your claim (unless you have executed a release on your claim). You must, however, commence the suit within one year of exhausting the Plan’s internal claim procedures.

**Exhaustion of Administrative Remedies**

Before commencing legal action to recover benefits or to enforce or clarify rights, you must exhaust the claim and review procedures for this Plan. You are not required to file a voluntary appeal in order to exhaust the Plan claim and review procedures.
GENERAL INFORMATION

How to Find a Participating Dentist

A real-time listing of participating dentists is available in an interactive directory at the Plan’s user friendly web site, www.deltadentalmn.org. The Plan highly recommends use of the web site for the most accurate network information. Go to http://www.deltadentalmn.org/findadentist and enter your zip code, city or state to find local participating dentists. You can also search by dentist or clinic name. The Web site also allows you to print out a map directing you to the dental office you select. The Dentist Search is an accurate and up-to-date way to obtain information on participating dentists.

To search for and verify the status of participating providers, select “Dentist Search” on the www.deltadentalmn.org home page. Select the Product or Network in the drop-down menu, and search by city and state, zip code or provider or clinic name. If your dentist does not participate in the network, you may continue to use that dentist, although you will share more of the cost of your care and could be responsible for dental charges up to the dentist's full billed amount.

If you do not have Internet access, other options are available to find a network dentist or verify that your current dentist is in the network.

- When you call to make a dental appointment, always verify the dentist is a participating dentist. Be sure to specifically state that your employer is providing the Dental program.
- Contact our Customer Service Center at; (651) 406-5901 or (800) 448-3815. Customer Service hours are 7 a.m. to 7 p.m., Monday through Friday, Central Standard Time.

Using Your Dental Program

Dentists who participate with Delta Dental under this Program are independent contractors. The relationship between you and the participating dentist you select to provide your dental services is strictly that of provider and patient. Delta Dental cannot and does not make any representations as to the quality of treatment outcomes of individual dentists, nor recommends that a particular dentist be consulted for professional care.

All claims should be submitted within 12 months of the date of service.

If your dentist is a participating dentist, the claim form will be available at the dentist's office.

If your dentist is nonparticipating, claim forms are available by calling:

Delta Dental of Minnesota National Dedicated Service Center - (651) 406-5901 or (800) 448-3815

The Plan also accepts the standard American Dental Association (ADA) claim form used by most dentists.

The dental office will file the claim form with the Plan; however, you may be required to assist in completing the patient information portion on the form (Items 1 through 14).
