92nd Annual

CLINICAL REVIEWS
A practical update for the primary care provider

WHAT 2017 COURSE PARTICIPANTS SAY ABOUT CLINICAL REVIEWS

"There was a plethora of new information once again this year which is why I choose this CME event every year."

"You HIT THE JACKPOT with such great topic selections and delivered information fabulously."

"I found this course to be one of the best most helpful courses I have been to in a primary care perspective. Keep up the great work!"

26.75 AMA PRA CATEGORY 1 CREDITS™
19.00 ABIM MOC

CE.MAYO.EDU/CROCTOBER
CE.MAYO.EDU/CRNOVEMBER
COURSE HIGHLIGHTS
- Concise didactic lectures on common and emerging clinical concerns
- Content focused on the needs of the primary care provider in the clinical practice
- Dedicated question and answer sessions throughout the course
- Breakout sessions for personalized course experience
- Pre-course ABFM Knowledge Self-Assessment sessions
- Course app containing all presentations with note-taking capabilities
- NEW! Access to recordings of podium lectures after the course

TARGET AUDIENCE
Physicians, nurse practitioners, physician assistants and nurses practicing in primary care, family medicine and internal medicine.

LEARNING OBJECTIVES
Upon conclusion of this program, participants should be able to:
- Formulate new treatment options for the management of patients with poorly controlled type 2 diabetes mellitus
- Identify which antibiotics should be the first choice for treatment of common outpatient infections and appropriate lengths of treatment
- Identify women who are high risk for breast cancer and what additional screening is recommended
- Differentiate between benign and pathologic fasciculations
- Describe the appropriate immunizations which should be given to both children and adults for protection against preventable infectious diseases
- Recognize the principles of antimicrobial stewardship and the importance primary care providers play in preventing resistance through the appropriate use of antibiotics
- Identify the type and interval of colon cancer screening tests for patients at average and high risk for colon cancer

CREDIT
Mayo Clinic College of Medicine and Science is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Mayo Clinic College of Medicine and Science designates this live activity for a maximum of 26.75 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

AAFP Application for CME credit has been filed with the American Academy of Family Physicians. Determination of credit is pending.

ABIM MOC Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 19 medical knowledge MOC points in the American Board of Internal Medicine’s (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit. Participation information will be shared with ABIM through PARIS.

Other Healthcare Professionals A certificate of attendance will be provided to other healthcare professionals for requesting credits in accordance with state nursing boards, specialty societies, or other professional associations.
