6.75 AMA PRA CATEGORY 1 CREDITS™ + MORE

LA FONDA ON THE PLAZA SANTA FE, NEW MEXICO SEPTEMBER 29, 2018
COURSE HIGHLIGHTS

- Enhance your skills in diagnosing Borderline Personality Disorder (BPD), understanding its course and outcome, starting treatment, applying principles of psychopharmacology, and effectively collaborating in multi-provider treatments.
- Improve your understanding of interpersonal hypersensitivity as a unifying feature of the disorder.
- Enjoy interactive cases and ample time for questions and answers.
- Learn about the impact of BPD on other psychiatric and medical disorders (and vice versa) to more effectively formulate care and treat patients with BPD and other disorders.

TARGET AUDIENCE

This course is designed for psychiatrists, internists, family physicians, psychologists, physician assistants, nurse practitioners and social workers.

LEARNING OBJECTIVES

Upon conclusion of this program, participants should be able to:
- Diagnose borderline personality disorder correctly, including differentiation from mood disorders.
- Articulate principles of treatment for borderline personality disorder, including management of safety issues.

COURSE DIRECTORS

Brian A. Palmer, M.D., M.P.H., Mayo Clinic
John G. Gunderson, M.D., McLean Hospital and Harvard Medical School
Robin L. Kissell, M.D., David Geffen School of Medicine, UCLA

 LODGING & ACCOMMODATIONS

La Fonda on the Plaza - 800-523-5002

Guest rooms have been reserved for attendees and their guests with a special course rate of $269/night plus tax. In order to receive the special rate, reservations must be made before the room block is filled or before the cut-off date of September 7, 2018, whichever comes first. Please identify yourself as a participant of the Mayo Clinic Borderline Personality Disorder Course when making your reservation. Advanced reservations are recommended as the popular Santa Fe Wine & Chile Fiesta is September 26-30.

PROGRAM AT A GLANCE

For full program schedule, see: CE.MAYO.EDU/BPD2018

- Background/Overall Principles
- Empirical Support
- Interpersonal Hypersensitivity (origins, clinical implications)
- Basic approach (accountability and agency, being active/non-reactive)
- How BPD changes

Getting Started

Making the diagnosis (stigma and value, psychoeducation, course and outcome)
- Alliance building (how to facilitate, assess)
- Establishing a frame (goals, availability between sessions)

Managing Suicidality and Self-Harm

- Assessing dangerousness/safety
- Managing threats (is contracting for safety useful?)
- Responding to acts (use of hospitals, other levels of care)
- Liability considerations

Pharmacotherapy and Comorbidity

- General principles (caution, collaboration)
- Selecting medications (a new algorithm)
- Comorbidities (identifying which disorder is the primary target)
- Common problems (depression, bipolar disorder, PTSD)

Multimodal Treatments

- Split treatments
- Use of groups
- Family therapy

Review and Conclusions

- Review of the day; key points to take home
- Why do this work?

Case Studies and Q&A throughout the day
