Dear Colleague:

Mayo Clinic has a 100-year history of providing first class medical, surgical and administrative training that is recognized and respected worldwide for its excellence.

Mayo Clinic College of Medicine’s, Mayo School of Continuing Medical Education (MSCME) offers a comprehensive selection of clinical, surgical and research courses, as well as programs on managed care, spirituality in medicine, and practice management and leadership.

Each course is designed to assist you in the ongoing challenge of rapidly understanding and integrating into your practice the newest medical knowledge and advanced treatments.

By offering you high-quality CME, Mayo School of CME strives to support the continuing education goals of all health care professionals and to serve the needs of patients everywhere through the advancement of medicine.

MSCME conducts more than 275 courses throughout the year on Mayo Clinic’s three campuses in Jacksonville, Fla., Rochester, Minn., and Scottsdale, Ariz., as well as many other carefully selected destinations. Our web site www.mayo.edu/cme offers a complete list of CME programs.

Mayo School of CME looks forward to teaming with you to meet your continuing medical education needs.

Joseph I. Sirven, MD
Dean
