COURSE HIGHLIGHTS
Mayo Clinic is collaborating with MD Anderson Cancer Center and Memorial Sloan-Kettering Cancer Center on this unique educational opportunity. This course features leading experts in the field who will present a well-balanced program in robotics surgery in gynecology. Highlights will include multiple unedited surgical videos introducing cutting-edge technology and procedural innovation in vaginal, laparoscopic and robotic approaches in gynecology.

COURSE LEARNING OBJECTIVES
Upon completion of this course, participants should be able to:

• Discuss different applications of robotic surgery for gynecologic cancers.
• Apply operating room safety measures for robotic surgery.
• Assess when robotic surgery is appropriate for patients with gynecologic cancer.
• Identify the benefits of using robotic surgery.

INTENDED AUDIENCE
This activity is designed for gynecologists, urogynecologists, gynecologic oncologists and robotic surgeons. Other physicians and mid-level healthcare professionals may benefit from this program.

CREDIT
College of Medicine, Mayo Clinic, is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. College of Medicine, Mayo Clinic, designates this live activity for a maximum of 18.25 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

A record of attendance will be provided to all registrants for requesting credits in accordance with state nursing boards, specialty societies, or other professional associations.

AMERICANS WITH DISABILITIES ACT
College of Medicine, Mayo Clinic fully intends to comply with the legal requirements of the Americans with Disabilities Act. If you need assistance, please notify us at least two weeks prior to the activity.

Email address: mca.cme@mayo.edu
