$75 DISCOUNT IF YOU REGISTER ON OR BEFORE JAN 9, 2019

CE.MAYO.EDU/GIHEP2019
COURSE HIGHLIGHTS

- New and practical approaches to the diagnosis and management of gastrointestinal and liver diseases
- Topics including general gastroenterology, inflammatory bowel disease, colorectal neoplasia, esophageal diseases, motility, nutrition, pancreaticobiliary disorders, endoscopy and hepatology
- Interactive case presentations and discussions
- Concurrent lunch breakout sessions offering an extensive review and discussion of clinical topics
- Earn up to 16.0 ABIM medical knowledge MOC points

TARGET AUDIENCE

This course is designed for practicing gastroenterologists, surgeons, GI fellows, physician assistants, nurse practitioners, individuals specializing in gastrointestinal endoscopy and primary care physicians with an interest in gastroenterology.

LEARNING OBJECTIVES

Upon conclusion of this program, participants should be able to:

- Recognize common causes of drug induced liver injury.
- Identify current treatment options for HCV treatment.
- Summarize various treatment options for Crohn’s disease and ulcerative colitis.
- Discuss various guidelines for the management and surveillance of pancreatic cysts.
- Describe treatment options for C. difficile infection.
- Review dietary and medical management of eosinophilic esophagitis.
- Summarize treatment approaches for irritable bowel syndrome.
- Describe new techniques and tools for endoscopic hemostasis.

LODGING & ACCOMMODATIONS
Westin Kierland Resort & Spa
6902 East Greenway Parkway  |  Scottsdale, Arizona 85254
Telephone: 800-354-5892

The Westin Kierland Resort & Spa has reserved a block of rooms for course participants at a special group rate of $319 (USD), per room, per night, single or double occupancy, plus applicable state and local taxes. Group rates will apply three days prior to and three days after the course dates, based on group room availability.

Children under the age of 17 staying in an adult’s room are complimentary. Third or fourth adult person rates are $50 each. Bell and housekeeping service staff gratuities will be at the individual guest’s discretion. Guest room internet is included in the group rate. Self-parking is complimentary.

Make your reservation online or call 800-354-5892 before the room block fills or January 21, 2019. Reservation requests received after 5:00 p.m. local time on January 21 will be accepted at the group rate based on group room block availability.

When making a reservation, identify yourself as a participant of the Mayo Clinic Gastroenterology course. The standard hotel reservation cancellation policy will apply unless otherwise specified.

Guests may “opt in” or “opt out” of the daily resort services fee, a reduced rate of $25 per room, per night, plus taxes that includes local and long distance domestic and toll-free guest room calls, access to Agave Spa, Yoga and Well Walk fitness classes, shuttle service on a schedule to Kierland Commons and Scottsdale Quarter for individual use, and tennis course and equipment rental. If guests elect to “opt out” all services and amenities will be available at a la carte pricing.

Attendees are responsible for their own reservations.

CREDIT
In support of improving patient care, Mayo Clinic College of Medicine and Science is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC) to provide continuing education for the healthcare team.

AMA: Mayo Clinic College of Medicine and Science designates this live activity for a maximum of 19 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

AAFP: Application for CME credit has been filed with the American Academy of Family Physicians. Determination of credit is pending.

Other Healthcare Professionals: A certificate of attendance will be provided to other healthcare professionals for requesting credits in accordance with state nursing boards, specialty societies, or other professional associations.

ABIM MAINTENANCE OF CERTIFICATION
Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 16.0 medical knowledge MOC points in the American Board of Internal Medicine’s (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider’s responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit. Participant information will be shared with ABIM through PARS.
THURSDAY, FEBRUARY 21, 2019

LIVER I
Drug Induced Liver Injury: Common Culprits
HCV: Treatment Update 2019
NAFLD: Biopsy or Not?
Alcoholic Hepatitis: Management Strategies

LIVER II
Cirrhosis: Preventive Care
Evaluation of the Incidental Liver Mass
Managing Hepatocellular Cancer: Ablation and Other Options
Hilar Cholangiocarcinoma: Evaluation and Management

CONCURRENT LUNCH SESSIONS
PBC & PSC: Cases from the Liver Clinic
Approach to Abnormal LFTs
Gluten Sensitivity and Celiac Disease
Esophageal Stricture Management: From the Simple to the Complex

FRIDAY, FEBRUARY 22, 2019

PANCREATIC DISORDERS
Pancreatic Cysts: Translating Guidelines into Practice
Chronic Pancreatitis: Management of Complex Patients
Imaging in Pancreatic Disorders: A Case-Based Overview
Pancreatic Cancer Surgery in the Neoadjuvant Era

ESOPHAGEAL DISORDERS
Current Evaluation and Management of Achalasia
Barrett’s Esophagus: Pearls and Pitfalls in Diagnosis and Management
Eosinophilic Esophagitis: Drugs, Diet or Dilation
Managing Risks and Benefits of PPI Therapy

CONCURRENT LUNCH SESSIONS
Advanced Practice Providers Session: Chronic Disease Management in IBD and Cirrhosis: Best Practices in Outpatient Management
Approach to Abnormal LFTs
Challenging Cases from the Motility Clinic
Necrotizing Pancreatitis: Medical and Endoscopic Management of Challenging Cases

SATURDAY, FEBRUARY 23, 2019

IBD/COLORECTAL NEOPLASIA
IBD in Pregnancy: What’s Safe and What’s Not?
Crohn’s Disease: Medical Management of Refractory and Fistulizing Disease
Dysplasia in IBD: Endoscopic Assessment and Management
Ulcerative Colitis: Biologic Choices in Refractory Patients
MOTILITY
Diets in GI Diseases: FODMAP and Beyond
Practical Approach to Bloating
IBS: Evidence-Based Approach to Management
Constipation: Beyond the Basics

CONCURRENT LUNCH SESSIONS
Challenging Cases from the Motility Clinic
Inpatient Management of IBD
Colonoscopy and Polypectomy Techniques: Lessons from the Masters
Social Media: Best Practices for the GI Practice

SUNDAY, FEBRUARY 24, 2019

COMPLEX ENDOSCOPY/ERCP
Approach to Difficult Stones and Strictures in ERCP
Endoscopic Hemostasis: New Tools, Tips and Tricks
Large Colonic Polyps: EMR, ESD or Surgery?
Sessile Polyps: Tips and Tricks for Improved Detection
Endoscopic Interventions in Pancreatic Cancer: From Diagnosis to Palliation

SMALL BOWEL/COLON/GENERAL GI
C. Difficile Management in 2019: Vancomycin and Beyond
Obscure Gastrointestinal Bleeding: Step-Wise Approach to Diagnosis and Management
Colonic Polyposis Syndromes: An Update for the General Gastroenterologist
Diarrhea: Think Outside the IBS Box
