

## **Denise N. Bronner, Ph.D.**

Denise N Bronner, Ph.D., has roughly 15 years of organizational thought leadership experience within the global healthcare space and has held various roles in academia, consulting, pharma, and venture capital. During her career, she has specialized in health equity, data-driven global therapy program strategy development, pitch and storytelling refinement, and identifying business opportunities within pharma. Beyond her professional endeavors, she's passionate about enhancing diversity in STEM fields, serving on advisory boards, participating as a judge in pitch/business competitions, and mentoring young professionals. She holds a bachelor's degree in biological sciences from Wayne State University, a Ph.D. in microbiology & immunology from the University of Michigan - Ann Arbor, and certification from the Venture Capital Executive Program from UC Berkeley Haas School of Business. She is the founder of Empactful Ventures, which currently consults healthcare-focused startups and venture funds, and she is a member of the Clinical Leader editorial board.
