

Postdoctoral Master's Research Proposal checklist

Documents required in submission packet	Scholar initials
<u>Cover page</u> <ul style="list-style-type: none"> • Typed • Completed and signed by scholar and mentor 	
Proposal <ul style="list-style-type: none"> • Typed • Completed following all sections of 5010 format • Includes preliminary data and power calculation 	
Department/Division approval minute excerpt or <u>minimal risk form</u> completed	
IRB approval email notification	
<u>TAC form</u> typed and signed	

I have read the proposal and the supporting documents that are required in their entirety and verify that the elements listed above are included in this proposal submission. I understand the Post-Doctoral Executive Committee will consider whether the thesis that will result from the proposal has the potential to meet the prescribed standards and is feasible within the time frame identified.

Scholar signature

Mentor signature
